No Place For The Wicked:

Metaphorical Landscapes and the Theology of the Book of Job Johan de Joode, 2018-10-22 Metaphorical Landscapes and the Theology of the Book of Job demonstrates how spatial metaphors play a crucial role in the theology of the book of Job. Themes as pivotal as trauma, ill-being, retribution and divine character are conceptualized in terms of space. Its imagery is thus dependent on spatial configurations such as boundaries, distance, direction, containment and contact. Not only are spatial metaphors ubiquitous in the book of Job, possibly the most frequent conceptual metaphors in the book, they are essential to its theological reasoning. Job's spatial metaphors form a metaphorical landscape in which God's character and his creation are challenged in unprecedented ways. In the theophany, God reacts to that landscape. This book introduces a pragmatic synthesis of both conceptual metaphor theory and spatial semantics and it demonstrates their exegetical and hermeneutic potential. *Job* J. Gerald Janzen, 2012-09-03 In this volume J. Gerald Janzen examines the text of the book of Job as a literary text within the context of the history of the religion of Israel and within the broader context of the universal human condition. He approaches the basic character of the book from a literary perspective which enables him to identify human existence as exemplified in Job and to expound on the mystery of good and evil which gives human existence its experiential texture and which together drive humans to ask the same kind of questions asked by Job. This is the first full-length commentary to present Job systematically and literarily. *The Facts on File Dictionary of Proverbs* Martin H.
