
NOCTI Study Guide Practice Questions And Detailed Answers Explanations

If a business conducts SWOT analysis to decide whether or not to expand, which of the following would be categorized as an "O"?

- A. money is available for the expansion
- B. there is the potential for increased profits
- C. new competition could enter the market
- D. company expenses have increased - **B. there is the potential for increased profits**

B is correct because a SWOT analysis is a planning tool used to determine or evaluate an organization's strengths, weaknesses, opportunities, and threats as related to a project or decision. An opportunity refers to an external condition or possibility that may benefit a company if it pursues the action or decision. A potential for increased profits is an example of an opportunity.

The North American Free Trade Agreement (NAFTA) created a free-trade area for:

- A. Mexico, the U.S., and Canada
- B. Mexico and Canada
- C. Mexico and Panama
- D. Mexico, Guatemala, and Belize - **A. Mexico, the U.S., and Canada**

A is correct because the North American Free Trade Agreement (NAFTA) created a free trade area for Mexico, the United States, and Canada.

Two types of business partnerships are general and:

- A. contractual
- B. fiduciary
- C. limited
- D. cooperative - **C. limited**

C is correct because the two types of business partnerships are general and limited. A general partnership is a business that is made up of two or more individuals where each partner contributes money, property, labor, or special skills and each partner shares in the business's profits or losses. A limited partnership resembles a general partnership but the limited partner is not liable for the partnership's debts other than the funds that were contributed to the partnership. The limited partner will not normally participate in the activities of the partnership.

The planning, pricing, promoting, and distribution of goods and services is known as:

- A. advertising
- B. marketing
- C. logistics

if you need to study and practice more or if you're already prepared enough to achieve success on your test day. If you do well on the practice test, then you know you're prepared. If you struggle on the practice test, then you know you may still have more work to do to get prepared. Taking lots of practice tests helps ensure that you are not surprised or disappointed on your test day. Our Informatics Nurse Exam Practice Questions give you the opportunity to test your knowledge on a set of questions. You can know everything that is going to be covered on the test, and it will not do you any good on test day if you have not had a chance to practice. Repetition is a key to success, and using practice test questions allows you to reinforce your strengths and improve your weaknesses. Detailed answer explanations are also included for each question. It may sound obvious, but you have to know which questions you missed and more importantly, why you missed them, to be able to avoid making the same mistakes again when you take the real test. That's why our practice questions include answer keys with detailed answer explanations. These in-depth answer explanations will allow you to better understand any questions that were difficult for you or that you needed more help to understand.
