Daisy: Not your Average Super-sleuth! A Child is Born R T Green,2023-12-27 Bringing a new life into the world is a beautiful experience Unless it s in the middle of the worst storm to

hit Norfolk for decades and you're trapped in a remote rundown cottage hospital where the matron believes it's still the nineteen fifties. A pre-Christmas get-together at Fern Cottage turns into a panic-filled dash to the hospital at Kings Lynn for Celia, Jack, Daisy, and Aidan. They don't make it. As the crazy storm brings down trees all around them, forced to make a last-gasp detour along a tiny wooded lane, their prayers are answered. Or so they think. Through the lashing rain, they spot a tiny private cottage hospital. With Celia in acute pain, there's no choice. That's when the problems really begin. Meanwhile, back in Great Wiltingham, with all four members of the HDA otherwise occupied, Doris and Maisie take it upon themselves to keep the detective agency running. By an unfortunate quirk of fate, they accept a case and there's no one else to handle it except the Terrible Twosome. It's just a simple job, the kind that can be wrapped up in a few hours. Or maybe it's not. Daisy's third Christmas special is a roller coaster of high emotion and unexpected twists and turns. Enjoy. Not Your Average Hot Guy Gwenda Bond, 2025-09-23. examining the writings of Nostradamus and looks into Earth's future based on the author's understanding of Bible prophecy. An eye-opening experience awaits you with this fascinating and informative book. Politics in America Chris Rice, 2010-03. The Declaration of Independence is a great document. In it are great words to live by. It was written by great people living in very difficult times. 235 odd years later we are still living in very difficult times. However, I do not believe that this country is being run by great people any longer. I do believe the founding fathers of this country had great insight and perhaps could even foresee some of today's problems. The Declaration of Independence states that at times it is proper to dissolve a broken government and start over. I believe that time has come. **Entranced by Story** Hugh Crago, 2014-04-24. We live in a world of stories yet few of us pause to ask what stories actually are, why we consume them so avidly and what they do for story makers and their audiences. This book focuses on the experiences that good stories generate: feelings of purposeful involvement, elevation, temporary loss of self, vicarious emotion and relief of tension. The author examines what drives writers to create stories and why readers fall under their spell, why some children grow up to be writers and how the capacity for creating and comprehending stories develops from infancy right through into old age. *Entranced by Story* applies recent research on brain function to literary examples ranging from the Iliad and Wuthering Heights to Harold and the Purple Crayon, providing a groundbreaking exploration of the biological and neurological basis of the literary experience. Blending research, theory and biographical anecdote, the author shows how it is the unique structure of the human brain with its layering of sophisticated cognitive capacities upon archaic emotion-driven functions which best explains the mystery of story.
