plants orchids mosses cacti succulents and ferns Ideas and tips for choosing your glass vessels with choices including vases lidded jars fish bowls vertical planters hanging globes tabletop greenhouses and more Maintenance troubleshooting and watering tips including vessel specific advice A wondrous combination of nature gardening and interior design terrarium building and tending is both therapeutic and inspirational and once you know the basics the plants the vessels and a basic understanding of soil water and humidity you can mix and match for an endless exploration of your own creativity **Rustic Speech and Folk-Lore** Elizabeth Mary Wright, 2014-12-21 Example in this ebook Under the heading of The Varieties of English Speech an article of mine appeared in The Quarterly Review of July 1907 The favourable reception accorded to it at the time prompted me to embark forthwith on a larger work dealing with the same subject Many books both scientific and popular have been written concerning dialect speech and lore but nearly all of them are special investigations of some particular dialect I have taken a bolder flight than this I have not given a detailed account of any one dialect but I have surveyed them all and have gathered words phrases names superstitions and popular customs here and there wherever I found something that appealed to me and that I felt would appeal to others as well as myself It was impossible to make any one category exhaustive for such was the mass of material open to me for selection I might say I was fairly betwattled and baffounded The only thing to be done was to make my selections fairly representative of the whole My aim in dealing with the linguistic side of my subject has been to show that rules for pronunciation and syntax are not the monopoly of educated people who have been taught to preach as well as practise them Dialect speaking people obey sound laws and grammatical rules even more faithfully than we do because theirs is a natural and unconscious obedience Some writers of literary English seem to enjoy flinging jibes at dialect on the assumption that any deviation from the standard speech must be due to ignorance if not to vulgarity besides Since I wrote the last chapter of this book I read in a criticism of Stanley Houghton's Play Trust the People this sentence describing the Lancashire father an old mill hand and the homely mother to match They are both drawn you feel to the life and talk with ease not to say gusto that curious lingo which seems to an outsider mainly distinguished by its contemptuous neglect of the definite article The Times Friday Feb 7 1913 Now the definite article in north west Lancashire is t in the south west and south t or th and in mid and south east Lancashire th When this t stands before a consonant and more especially before a dental such as t d it is not by any means easy for the uninitiated to detect the difference in sound between the simple word and the same word preceded by the article between for example table and t table or dog and t dog But this is not contemptuous neglect on the part of the Lancastrian It would be nearer the mark to say that the Lancashire dialect is characterized by its retention of a form of the definite article very difficult to pronounce in certain combinations Further I have endeavoured to show by means of numerous illustrations how full the dialects are of words and phrases remarkable not only for their force and clearness but often also for their subtle beauty that satisfying beauty of the thing exactly fitted to its purpose I have also drawn up lists showing the numbers of old words and phrases

once common in English literature still existing in the dialects Occasionally writers of modern verse seek to restore some of the words of this type to their former position in literary English thereby causing the reviewer to stumble dreadfully though he thinketh he standeth I quote the following from a literary periodical dated May 2 1913 He debates if he shall make a nest within a reedy brake or failing this delectable situation offers himself a quaint alternative Or I shall see with quiet eye The dappled paddock loping by We had always supposed in our ignorance that paddock was a term applied to green fields or pastures How Mr could have seen a paddock lope we do not know and perhaps it would not be kind to ask him to explain To be continue in this ebook
