A Fine Mess T. R. Reid, 2018-04-03 New York Times bestselling author T R Reid travels around the world to solve the urgent problem of America s failing tax code unravelling a complex topic in plain English and telling a rollicking story along the way The U S tax code is a total write off Crammed with loopholes and special interest provisions it works for no one except tax lawyers accountants and huge corporations Not for the first time we have reached a breaking point That happened in 1922 and again in 1954 and again in 1986 In other words every thirty two years Which means that the next complete overhaul is due in 2018 But what should be in this new tax code Can we make the U S tax system simpler fairer and more efficient Yes yes and yes Can we cut tax rates and still bring in more revenue Yes Other rich countries from Estonia to

New Zealand to the UK advanced high tech free market democracies have all devised tax regimes that are equitable effective and easy on the taxpayer But the United States has languished So byzantine are the current statutes that by our government's own estimates Americans spend six billion hours and 10 billion every year preparing and filing their taxes In the Netherlands that task takes a mere fifteen minutes Successful American companies like Apple Caterpillar and Google effectively pay no tax at all in some instances because of loopholes that allow them to move profits offshore Indeed the dysfunctional tax system has become a major cause of economic inequality In A Fine Mess T R Reid crisscrosses the globe in search of the exact solutions to these urgent problems With an uncanny knack for making a complex subject not just accessible but gripping he investigates what makes good taxation not that's not an oxymoron and brings that knowledge home where it is needed most Never talking down or reflexively siding with either wing of politics T R Reid presses the case for sensible root and branch reforms with a companionable ebullience This affects everyone Doing our taxes will never be America's favorite pastime but it can and should be so much easier and fairer **Lead with Your Heart** Lewis

Green, 2007-11 Stop thinking about profits and start thinking about how to create better experiences Lead With Your Heart is about changing the way you do business It introduces a business model that will result in growth revenues and profits and a better world in which to do business work and live It is written to inspire executives managers and entrepreneurs to invest in this way of doing business and make it the first step to changing the world we live in Learn how to meet and exceed other people's wants needs and desires by creating great experiences for employees customers and citizens Discover how to put people first not profits to create happiness and deliver products and services people want and need at prices that deliver value Lead With Your Heart will shake you up with strategies and ideas that require total commitment from you and everyone in your business In 11 chapters the book paints a picture of what happiness is from a business perspective Topics include Measuring business success Building your business Building a powerful brand Strategic plans that work Sales and marketing that work Doing the right thing You can change the world Author Lewis Green knows this business model works He points to Starbucks Hewlett Packard Johnson Johnson 3M and Wells Fargo as examples of corporations that have implemented many parts of it and are among America's most successful businesses **Starbucks Copycat Recipes** Samantha
