Soil Conservation Service, 1983 *The Promise of Youth* Barbara Stoddard Burks, Dortha Williams Jensen, Lewis Madison Terman, 1930 A Stanford University Press classic *ProPack II* Valerie Stetson, Susan Hahn, David Leege, Debbie Reynolds, Guy Sharrock, 2007-04-09 **Kalahandi - The Untold Story** Dr Tapan Kumar Pradhan, 2020-08-01 Twenty three delightful real life stories and fifteen heart touching poems describe in graphic details the economic and sexual exploitation of poor tribal people of Kalahandi by scheming moneylenders businessmen local contractors politicians and indifferent bureaucrats The stories have been originally written in English while the poems have been translated from the original Odia For his poem collection on

Kalahandi the author had won Sahitya Akademi's Golden Jubilee prize for poetry in 2007. Once known as the rice bowl of Odisha, Kalahandi became infamous for large scale starvation deaths in the 1980s. The agrarian economy of Kalahandi was devastated following a 20 year long famine starting in 1965. Poor people in interior pockets died in hordes although Kalahandi district as a whole remained rice surplus even during the famine decades. Therefore the author contends that although the famine was a natural calamity the starvation deaths were an avoidable man made disaster. The stories and poems included in this book are written in a very simple language in the form of funny real life anecdotes. But underneath their humorous exterior these highly symbolic stories offer in depth diagnosis as well as practical solutions to various grassroots level socio economic problems in a penetrating manner.

Boggy Slough Jonathan K. Gerland, 2022-08-24 Boggy Slough Conservation Area is a 19 000 acre unbroken tract of pine and bottomland hardwood forest situated in East Texas Trinity and Houston counties. More than twenty miles of the Neches River one of the last free flowing rivers in the state serves as the eastern boundary and for more than a century the land has been one of the state's leading game and industrial forest management areas. A unique blend of natural cultural and business history Boggy Slough presents a highly illustrated narrative of the land people and evolving purpose from time of European contact to the present. Gerland traces the many phases of land use in this forest as it transitioned from hunting gathering fishing and subsistence farming to an experimental mix of stock raising and large scale commercial forestry eventually becoming important conservation land along the Neches River Corridor. Gerland explores the natural features and adaptive land use practices of the region as well as the environmental history of railroads and logging camps barbed wire fences and company cattle ranches and exclusive hunting clubs. The underlying story is the evolution and environmental impact of Southern Pine Lumber Company founded in 1893 by T L L Temple. Now owned and maintained by the fifth generation of the Temple family the Boggy Slough lands are the last remnants of what was once a 1 2 million acre forest empire. Gerland examines the family's and the lumber company's struggles to grow and manage a second third and fourth generation forest ultimately achieving sustainability while managing changing environmental concerns and attitudes.

China and the Internet Song Shi, 2023-12-15 Two oversimplified narratives have long dominated news reports and academic studies of China's Internet one lauding its potentials to boost commerce the other bemoaning state control and measures against the forces of political transformations. This bifurcation obscures the complexity of the dynamic forces operating on the Chinese Internet and the diversity of Internet related phenomena. China and the Internet analyzes how Chinese activists NGOs and

government offices have used the Internet to fight rural malnutrition the digital divide the COVID 19 pandemic and other urgent problems affecting millions of people It presents five theoretically informed case studies of how new media have been used in interventions for development and social change including how activists battled against COVID 19 In addition this book applies a Communication for Development approach to examine the use and impact of China s Internet Although it is widely used internationally in Internet studies Communication for Development has not been rigorously applied in studies of China s Internet This approach offers a new perspective to examine the Internet and related phenomena in Chinese society
