

# From Grant to Patent: A Guide to Early Land Settlement Records, ca.1790 to ca.1850

**215** Research  
Guide

**Most Recent Update:  
February 2013**

This research guide will help you find and use Crown Land Records on grants and patents from the eighteenth century to the mid-nineteenth century. It provides short summaries and links to Crown land records that will be of particular interest if you are researching family history. The guide does not cover all the land records that are available to researchers.

The Archives has most of the records on Crown land in Upper Canada, Canada West (the new name of the colony after the Union Act of 1840) and in Ontario (the name that came into effect in 1867). Library and Archives Canada (LAC) also has some records – mainly the Crown land Records of the Executive Council of Upper Canada. The Archives has copies of most of these records on microfilm.

There are a lot of records and they cover a wide range of topics. In addition to researching a family history, you can, use Crown land records to study many other topics (e.g., land use, local history and settlement patterns).

Most records in this guide are described in the [Archives Descriptive Database](#) (ADD). The ADD has more information about these records, including what they contain and instructions on how to access them; it does not include lists of people found in the records. [Research Guide 205: How to Use the Ontario Land Records Index](#) will also be useful if you have not used the Ontario Land Records Index (OLRI) before. It is available in the Archives' Reading Room or on our website ([www.ontario.ca/archives](http://www.ontario.ca/archives)).

This guide covers the following topics
