Love Jihad In The Quran Dr. K.S Radhakrishnan, There is love jihad in the Qur'an. The Qur'an categorically prohibits the marriage of a Muslim with a non-Muslim when it warns: Do not marry idolaters until they believe. If a marriage cannot take place without religious conversion, it cannot be considered as a genuine token of love. So the arguments in support of the marriage between a Muslim and a non-Muslim based on genuine love and unconditional freedom of individuals cannot survive the test of logic and law because religious conversion is the basic condition in such a marriage.

Invertible Fuzzy Topological Spaces Anjaly Jose, Sunil C. Mathew, 2022-09-01. This book discusses the invertibility of fuzzy topological spaces and related topics. Certain types of fuzzy topological spaces are introduced and interrelations between them are brought forth. Various properties of invertible fuzzy topological spaces are presented and characterizations for completely invertible fuzzy topological spaces are discussed. The relationship between homogeneity and invertibility is examined and subsequently the orbits in an invertible fuzzy topological space are studied. The structure of invertible fuzzy topological spaces is investigated and a clear picture of the inverting pairs in an invertible fuzzy topological space is introduced. Further, the related spaces such as sums, subspaces, simple extensions, quotient spaces, and product spaces of invertible fuzzy topological spaces are examined. In addition, the effect of invertibility on fuzzy topological properties like separation axioms, axioms of countability, compactness, and fuzzy connectedness in invertible fuzzy topological spaces is established. The book sketches ideas extended to the bigger canvas of L-topology in a very interesting manner.
