Research in Education, 1974 **Confessions of an English Teacher: A Memoir of My Teaching Years** Richard P. Sinay, 2024-07-24 Confessions of an English Teacher A Memoir of My Teaching Years was written to share some of my extraordinary experiences teaching English at six high schools and seven community colleges in Orange County California from 1973 to 2018 I share these memories because they were so disappointing in their discovery I imagined that as an English teacher I was prepared to teach the subject I was trained for but I learned that was far from the truth My training as an English teacher should have prepared me to teach essential skills It did not As I reflect on my teaching at these schools I discovered that my English degree needed to produce a prepared English teacher for teaching the skills of reading grammar and writing Looking back at what I was mandated to teach revealed a sad truth teaching English to high school and college students was filled with traditions that needed to change With what I discovered to be traditional problems in teaching English I offer recommendations for change for high schools and community colleges [basic English for dummies](#)

Collins, 1992. **Navigating Challenges in Qualitative Educational Research** Todd Ruecker, Vanessa Svihla, 2019-06-11. How do education researchers navigate the qualitative research process? How do they manage and negotiate myriad decision points at which things can take an unexpected and sometimes problematic turn? Whilst these questions are relevant for any research process, the specific issues qualitative researchers face can have impactful repercussions that if managed adeptly can lead to successful and even new research opportunities. Navigating Challenges in Qualitative Educational Research includes narratives that provide real-world experiences and accounts of how researchers navigated problematic situations as well as their considerations in doing so. These contributions give students and researchers a chance to understand the possibilities of research challenges and better prepare for these eventualities and how to deal with them. Providing educative windows into the challenges and missteps even seasoned researchers face along the way, this book is an invaluable resource for graduate students and early-career qualitative researchers, particularly those who are interested in education. **Generative AI in the English Composition Classroom** Daniel Plate, Elizabeth Melick, James Hutson, Susan Edele, 2024-09-18. Designed to cater to the needs of both novice and seasoned writing instructors.

this book provides a range of practical and adaptable strategies for integrating generative artificial intelligence AI into English writing curricula *Generative AI in the English Composition Classroom* proposes strategic methodologies to ensure that AI is utilized as a facilitator of learning and creativity rather than as a shortcut to academic success With a particular emphasis on sophisticated large language models such as Claude ChatGPT and Gemini this book critically addresses potential challenges including concerns related to academic integrity It includes case studies and practical strategies to exemplify how AI can enhance the writing process while emphasizing the continuing importance of a solid foundation in writing structure processes and rhetorical strategies These case studies and strategies are designed for immediate application offering educators and students practical tools to effectively navigate AI augmented writing environments Finally the book looks to the future discussing the evolving skillsets required in the workforce and how educators can equip students for a future in which AI is an integral component A forward thinking and invaluable guide this book will be of interest to educators involved in teaching English Composition and writing *Resources in Education* ,2001-10 English as a Foreign or Second Language Mohammed S. Assiri,2015-09-01 This book offers a brief review of the theoretical perspectives and empirical findings that have shaped our understanding of salient facets of English language teaching learning and testing It also communicates my personal views in regard to certain issues in these three domains The book is divided into five chapters that range in their foci from theory to practice Chapter one presents the most influential theoretical perspectives that have sought to account for the processes involved in second language acquisition and the roles of the so many variables that affect how a learner acquires a second language The second chapter discusses several methods and practices commonly used in EL2 English as a foreign second language teaching Chapter three highlights the differences between Basic Interpersonal Communication Skills and Cognitive Academic Language Proficiency or BICS vs CALP as well as the various categories of language learning and use strategies In the fourth chapter the presentation centers on EL2 testing and assessment Chapter five is wholly devoted to my personal views including my philosophy of language education critiques of some scholarly views and practical recommendations Such views have had their inspiration and support from my experiences both as a learner and as a teacher **Teaching the Research Paper** James E.
