Organizational communication effectiveness has remained essential even in the modern world where there are fast means of sending messages. For effective internal communication, there is a need to avoid all issues that might lead to unclear communication between the employees and the management. Where communication in the organization is useful, it is easy for the organization to succeed. An effective communication system in an organization makes workers remain happy (Chmielecki, 2015). acquiring knowledge of important internal communication has caused me to grow in my profession since I can now secure jobs with ease. I am now ready to prove my professionalism when seeking employment.

Chmielecki further added that effective internal communication is an essential element of management. It is an internal communication that makes it easy for employees to understand the organization's goals and objectives and, therefore, makes them more productive (Chmielecki, 2015).
