Researching The City:

Researching the City Kevin Ward, 2020-01-03 This practical guide for students focuses on the city and on the different ways to research it The authors explain how urban studies research is done from the original idea to design and implementation through to writing up and representation Substantive chapters explain each method in detail from using archival methods interviews ethnography questionnaires discourse analysis and diaries to using GIS and visual methods This second edition offers A thorough introduction to the research process Revised and updated discussions of foundational methods A new chapter on sensory methods A new chapter on social media as an object or a method of studying the city With real world examples throughout and guided further reading for each chapter it is an inspiring guide for students carrying out their own research in urban geography urban planning urban sociology and urban studies

Researching City Life Tyler Schafer, Michael Ian Borer, 2023 This book aims to specifically address the uses and roles of qualitative research in cities including carefully selected and edited readings that cover participant observation interviewing narrative analysis visual and sensory methods and methods for re presenting the city The book also features short original essays from key authors and introductions from the editors

Researching the City Kevin Ward, 2014 This practical guide for students focuses on both the city and the different ways academics research it

Studying Cities and City Life Mark Abrahamson, 2016-12-08 Studying Cities and City Life is a textbook designed to provide an introduction to the major methods of obtaining data for use when analysing cities and social life in cities Major chapters focus upon best practices in field studies participant observation natural experiments and quasi experiments surveys employing probability and non probability samples secondary analyses of previously published documents A separate chapter examines a full range of questionnaires and interviews Each chapter includes discussion of several case studies and recently published research employing the method being discussed This discussion highlights the issues and choices made by investigators in actual studies conducted in cities throughout the world This unique book is designed for use in research methods courses that primarily enroll students majoring in Urban Sociology Urban Studies Urban Geography Urban Planning and related areas
