Ready Reset Mate is a dating guide for mature adults who are likely looking for love the second time around in a vastly different dating culture. This indispensable handbook focuses on understanding your readiness to date using the Internet to find potential partners, forming a connection and establishing a healthy foundation for building a relationship. Finding a relationship means you may have to date many people. Ready Reset Mate provides a method to help minimize that number before finding your best fit partner. It details the fundamentals of choosing a partner: why we want one, what to look for and how to define the best fit, and concludes with how to hang onto a relationship once you have found one. It is about becoming the best version of yourself, knowing what you are looking for and creating a strategy for meeting that special someone. Dating can be like finding that infamous needle in a haystack fraught with challenges and issues, especially if you are not ready for them. Helstrom talked with both male and female daters about their challenges and problems and has captured their concerns along with his own experiences to provide valuable time-saving tips for those who may not have yet dated in the Internet era. **The Mushin Way to Peak Performance** Michael Veltri, 2017-01-17. Follow your own nature to achieve clarity, power and success. The Mushin Way teaches tools and techniques to help you reach peak performance and transform your business and personal life. Regardless of what we want to achieve in business or in life, transformation can be difficult and we tend to be our own worst enemies. We hold ourselves back without even realizing what we are capable of. In this book, you'll learn how to break through the cycle of stress and setbacks to act with clarity, purpose and direction, achieving peak performance and transformation along the way. You'll look deep inside to discover the natural leadership abilities lying dormant within you; you'll wake them up, make them stronger and learn to draw on the strengths of those around you instead of muscling through with brute force. You'll discover how making the right choice is an empowering act and develop the strength and confidence to stop hesitating at every crossroad. With pragmatic advice and wisdom drawn from the guiding principles of the Japanese martial art of Aikido, you'll find your inner warrior and learn that even the most challenging battles can be won or may not even need to be fought. When you set your sights high, peak performance can feel like a constant uphill battle fraught with failures and disappointments. What if success was more like a transformational river current that carries you along to your goal? This book shows you how to come down off the hill into the refreshing waters of mindfulness to begin your journey to the top. Develop laser-like focus even in high stress environments. Identify and develop your own innate leadership qualities. Turn setbacks into opportunities and defeat into victory. Achieve much more than ever before with far less effort.
