

'A Raisin in the Sun' Gender Roles and Discrimination: Then and Now

Gender Inequality in A Raisin in the Sun Despite the fact that boys and girls are encouraged to be whatever they desire at a young age, gender inequality is currently a monumental issue in the workplace. In the past, women were thought to be unfit to perform certain jobs that were deemed to be suited for men. Gender inequality is one prominent conflict out of many continuously seen in the play *A Raisin in the Sun* by Lorraine Hansberry. The Main characters, the Younger family, are an African American family struck by poverty and discrimination who battle with their struggles in a low-income Chicago neighborhood in the 1950s. Within their family, they often argue over what women should pursue as a career, which is a main issue in the play. Now, the jobs argued over in *A Raisin in the Sun* can be obtained by women with less criticism than in the 1950s, but they face discrimination within those jobs. **Evolved Gender Roles and Lingering Inequality** Though gender roles have evolved over time, the belief that women are inferior to men, which the Younger family faced, can still be felt by women in the workplace today. The characters in *A Raisin in the Sun* are unable to thrive or function healthily due to the gender roles they have placed on themselves. Walter, the father of the family, continuously shows his disdain toward his sister Beneatha's dream. In Act I, Walter and Beneatha get into a habitual disagreement over Beneatha's medical school. Walter says, "Who the hell told you you had to be a doctor? If you're so crazy 'bout messing 'round with sick people-then, go be a nurse like other women-or. Just get married and be quiet..." (Hansberry 38) In this quote, Walter belittles Beneatha and other Women and tries to force Beneatha into how he thinks a traditional woman is supposed to act. Beneatha is negatively affected by Walter's unsupportive nature because, in a time when being a female doctor was uncommon, support from your family was vital. **A Brother's Betrayal and Its Impact** Later in the play, Walter shows his disapproval of Beneatha's ideal career in a more serious way. After Walter reveals to the family he lost all of the money, Mama asks, "You mean...your sister's school money...you used that too...Walter?..." to which Walter responds, "Yessss! All of it... It's all gone..." Walter's irresponsible action of trusting someone with the money Mama gave to him jeopardized Beneatha's career in the medical field and showed his lack of investment in his daughter. If he truly cared about his sister, he would have put the money into a savings account for her schooling. However, he instead risked all of the money so he would have a chance to start what he thinks is a man's job, a business. The Younger family cannot thrive when their dream careers are being unsupported or function smoothly because of the fights that result from their disagreements over gender roles. The sexist comments made by Walter to Beneatha, along with the self-centered actions he committed, are reasons the Younger family is unable to thrive or function healthily. **Present-Day Workplace Discrimination** These forced gender roles faced by the Younger family, though evolved, are still an issue today in society. Today, it is not unusual for a woman to be a doctor or the numerous other jobs thought to be unfit for a woman back in the 1950s. Additionally, family members are typically more supportive of each other's dreams because these jobs
