Detention Empire Kristina Shull, 2022-08-30 The early 1980s marked a critical turning point for the rise of modern mass incarceration in the United States The Mariel Cuban migration of 1980 alongside increasing arrivals of Haitian and Central American asylum seekers galvanized new modes of covert warfare in the Reagan administration's globalized War on Drugs Using newly available government documents Shull demonstrates how migrant detention operates as a form of counterinsurgency at the intersections of US war making and domestic carceral trends As the Reagan administration developed retaliatory enforcement measures to target a racialized specter of mass migration it laid the foundations of new forms of carceral and imperial expansion Reagan's war on immigrants also sowed seeds of mass resistance Drawing on critical refugee studies community archives protest artifacts and oral histories Detention Empire also shows how migrants resisted state repression at every turn People in detention and allies on the outside including legal advocates Jesse Jackson's Rainbow Coalition and the Central American peace and Sanctuary movements organized hunger strikes caravans and prison uprisings to counter the silencing effects of incarceration and speak truth to US empire As the United States remains committed to shoring up its borders in an era of unprecedented migration and climate crisis reckoning with these histories takes on new urgency

Feminist Theories of Crime Merry Morash, 2017-07-05 This collection re imagines the field of criminology with insights gleaned from feminist theory Works included here illustrate that gender is a key organizing principle of social life This means that men and women have gender that patriarchy as well as gender must be theorized and that other systems of oppression such as race and class must also be studied to fully understand the crime problem and the criminal justice system Finally the articles collected here exemplify the feminist concern for thinking consciously about how and why we do our research with the crucial goal of producing knowledge that will promote social justice

Creating Criminals Vivien Stern, 2013-07-18 Market society is producing more crime around the world More acts are being defined as crimes Ever increasing numbers of people are classified as criminals and more are being locked up in prison With

globalization the crime and punishment problem is no longer insulated from pressures beyond national borders The rich may retreat behind their expensive security into gated communities but the poor are more and more at the mercy of criminals and corrupt policing Yet Vivien Stern argues the trends towards more criminalization and more imprisonment are not making for more effective crime control or safer communities This important book demonstrates that the prospects for the future are serious unless NGOs and reformers join in a new movement for reform that gives more control of justice policy back to communities and neighbourhoods

Private Prisons and Public Accountability Richard Harding, 2018-04-27 Private prisons have become an integral part of the penal system in the United States the United Kingdom and Australia There already are over 100 such prisons in these countries and with the number of prisoners continuing to increase rapidly the trend toward privatization seems irreversible In this context Richard Harding addresses the following issues the contributions positive or negative that private prisons make to providing custody for offenders whether or not private prisons stimulate improvement within the public prison system and the difficulties with the regulation and accountability of private prisons This book sets out to explore the contribution of private prisons to custodial practices standards and objectives Many experts believe that properly regulated and fully accountable private prisons could lead to improvement within the public prison system which has long been degenerate and demoralized Harding sees the total prison system as a single entity with two components public and private He relies upon extensive fieldwork and draws upon published literature as well as in

house documentation discussions with public and private authorities and a range of government documents Key issues covered in *Private Prisons and Public Accountability* are overcrowding program delivery prisoners rights quality of staff and financial control This volume will be a significant addition to the criminal justice literature but it will also appeal to sociologists policymakers and scholars interested in the privatization of various institutions in our society *Feudal America* Vladimir Shlapentokh, Joshua Woods, 2011-01-17 Do Americans live in a liberal capitalist society where evenhanded competition rules the day or a society in which big money private security and personal relations determine key social outcomes Vladimir Shlapentokh and Joshua Woods argue that the answer to these questions cannot be found among the conventional models used to describe the nation Offering a new analytical tool the authors present a provocative explanation of the nature of contemporary society by comparing its essential characteristics to those of medieval European societies Their feudal model emphasizes five elements the weakness of the state and its inability to protect its territory guarantee the security of its citizens and enforce laws conflicts and collusions between and within organizations that involve corruption and other forms of illegal or semilegal actions the dominance of personal relations in political and economic life the prevalence of an elitist ideology and the use of private agents and organizations for the provision of safety and security *Feudal America* urges readers to suspend their forward thinking and futurist orientations question linear notions of social and historical progression and look for explanations of contemporary social problems in medieval European history *Criminology* Tim Newburn, 2017-02-22 Comprehensive and accessible Tim Newburn's bestselling *Criminology* provides an introduction to the fundamental themes concepts theories methods and events that underpin the subject and form the basis for all undergraduate degree courses and modules in Criminology and Criminal Justice This third edition includes A new chapter on politics reflecting the ever increasing coverage of political influence and decision making on criminology courses New and updated crime data and analysis of trends plus new content on recent events such as the Volkswagen scandal the latest developments on historic child abuse as well as extended coverage throughout of the English riots A fully revised and updated companion website including exam review and multiple choice questions a live Twitter feed from the author providing links to media and academic coverage of events related to the concepts covered in the book together with links to a dedicated textbook Facebook page Fully updated to reflect recent developments in the field and extensively illustrated this authoritative text written by a leading criminologist and experienced lecturer is essential reading for all students of Criminology and related fields Find online resources for both students and instructors at <https://routledge-textbooks.com/textbooks/9781138643130> **Prison Architecture** Leslie Fairweather, Sean McConville, 2013-05-13 Current and future prison designs are examined in this book within the government's prison building programme and the confines of current penal philosophies and legislation America has led the way in prison design with two main types of architecture predominating radial layouts outside cells with windows and linear blocks inside cells with grilles Now new generation

prisons central association surrounded by small groups of cells look set to become the fashion But are they a better answer and should they be copied worldwide before we know Architects and administrators show in this book the designs of these new generation prisons and assess their impact Most countries in central Europe also have a rising crime rate and a demand for new prisons Contributions from significant architects from the UK Europe and America comment on these issues Other topics within the book are setting current prison architecture and design against an historical setting looking at penal ideas and prison architecture and design in the post war period the psychological effects of the prison environment the influence of technology and design on security management and how prison architecture and design can be more flexible and innovative

Handbook on Prisons Yvonne Jewkes, Ben Crewe, Jamie Bennett, 2016-02-23 The second edition of the Handbook on Prisons provides a completely revised and updated collection of essays on a wide range of topics concerning prisons and imprisonment Bringing together three of the leading prison scholars in the UK as editors this new volume builds on the success of the first edition and reveals the range and depth of prison scholarship around the world The Handbook contains chapters written not only by those who have established and developed prison research but also features contributions from ex prisoners prison governors and ex governors prison inspectors and others who have worked with prisoners in a wide range of professional capacities This second edition includes several completely new chapters on topics as diverse as prison design technology in prisons the high security estate therapeutic communities prisons and desistance supermax and solitary confinement plus a brand new section on international perspectives The Handbook aims to convey the reality of imprisonment and to reflect the main issues and debates surrounding prisons and prisoners while also providing novel ways of thinking about familiar penal problems and enhancing our theoretical understanding of imprisonment The Handbook on Prisons Second edition is a key text for students taking courses in prisons penology criminal justice criminology and related subjects and is also an essential reference for academics and practitioners working in the prison service or in related agencies who need up to date knowledge of thinking on prisons and imprisonment **Expulsions** Saskia Sassen, 2014-05-05

Income inequality displaced and imprisoned populations destruction of land and water today's dislocations cannot be understood in the usual terms of poverty and injustice Saskia Sassen argues They are more accurately understood as expulsions from professional livelihood from living space from the very biosphere that makes life possible Policy Networks in Criminal Justice M. Ryan, S. Savage, D. Wall, 2001-09-05 Policy Networks in Criminal Justice is a comprehensive and challenging collection of studies on the workings of pressure groups in criminal justice and the articulation of pressure group politics and criminal justice policymaking Against a back cloth of policy networks theory the authors examine the role and activities of professional associations in the areas of policing probation law and the courts together with campaigning groups such as those in the areas of penal reform civil liberties and victims In addition the book includes a study of the growing role of local authorities in the world of criminal justice
