**Magic as a Political Crime in Medieval and Early Modern England** Francis Young, 2017-10-30 Treason and magic were first linked together during the reign of Edward II Theories of occult conspiracy then regularly led to major political scandals such as the trial of Eleanor Cobham Duchess of Gloucester in 1441 While accusations of magical treason against high ranking figures were indeed a staple of late medieval English power politics they acquired new significance at the Reformation when the superstition embodied by magic came to be associated with proscribed Catholic belief Francis Young here offers the first concerted historical analysis of allegations of the use of magic either to harm or kill the monarch or else manipulate the course of political events in England between the fourteenth century and the dawn of the Enlightenment His book addresses a subject usually either passed over or elided with witchcraft a quite different historical phenomenon He argues that while charges of treasonable magic certainly were used to destroy reputations or to ensure the convictions of undesirables magic was also perceived as a genuine threat by English governments into the Civil War era and beyond

typical of Burney's concerns stand out throughout the volume his trepidation over the war with France and its effect on domestic politics his exhausting social life his travels and his publication of the memoirs of the poet and lyricist Metastasio A staunch monarchist and a self-confessed alarmist Burney is haunted day and night by the French Revolution and the threat that Republican France poses to religion morals liberty property life He frets frequently over those he considers to be domestic Jacobins a word he uses forty-seven times in the course of the volume to describe anyone whose politics differ from his own conservative values Although Burney turns sixty-eight in April 1794 in this volume he barely slows down his habitual hectic pace of teaching and publishing In the summer of 1795 he publishes his final book *Memoirs of the Life and Writings of the Abate Pietro Metastasio* despite a hectic social life that sees him hobnobbing with the elite in society and politics and a love of travel that takes him to the homes of friends in Hampshire and Cheshire and into his past on a nostalgic visit to Shrewsbury his childhood home
