Kirkland,2004-01-01

America's great gunmakers are more than industrial entities. They are centers of exacting craftsmanship and precision engineering and they are truly living legends. American gunmakers built not only the guns that won the Wild West but the guns that won both World Wars and which today delight demanding sportsmen the world over. In this volume of America's Premier Gunmakers you will read about A History Of Remington Civilian Arms Military Arms Remington Ammunition Eliphalet Remington's First Gun How Remington Entered The Arms Trade and A Glossary of Remington Arms. In 1816 young Eliphalet Remington decided that despite his tender age of twenty-four he could build a better rifle than he could buy. He was right. Within a few years his fine rifle was the talk of the young United States. Hunters, settlers, soldiers all beat a path to his door. By 1864 the Remington Company held the patent for the world's first successful breech-loading mechanism. And it didn't stop there. The pearl-handled Double Derringer favored by gamblers, the Remington 22 rifle carried by Annie Little Miss Sure Shot Oakley, the percussion rifles that helped settle America's Civil War, muzzleloaders and the 1905 Model II, the first successful auto-loading gun, all of these are part of not only the history of Remington but the history of the nation itself. With the aid of beautiful color photographs, this volume tells the fascinating story of Remington. It is a treasure to delight any gun enthusiast, whether sportsman or historian.

**Home Gun Care & Repair** Parker O. Ackley, 1969 **United States Government Publications Monthly Catalog**, 1945 The Secularization of Baptism Mark G. McKim, 2025-01-31 Does God actually do anything in baptism? Is it more than just a symbol? Most early Baptists would have answered yes. Most Baptists today would answer no. How and why did this change happen and does it matter? Providing thorough documentation of the changing understandings of baptism among American, Canadian, and English Baptists from the 1600s to the present day, The Secularization of Baptism demonstrates that four factors led to the symbolic-only position becoming dominant. These were suspicion in reaction to Roman Catholicism of the idea of God revealing himself through the physical, the influence of the Enlightenment and embarrassment with claims that God could be acting in the world today, reaction against the Oxford Movement, and reaction against the understanding of baptism advocated by the Disciples of Christ/Campbellites. The now dominant symbolic-only position so focuses attention on what the believer is doing in baptism that God is seen as largely absent from and doing nothing through the rite. In effect, believers' baptism has been secularized. A carefully reasoned biblical and theological argument is made for a return to the Regular Particular Baptist view that God is both profoundly spiritually present and active in baptism while at the same time rejecting the sacramentalist position advocated by a small number of mid-twentieth and twenty-first century Baptists such as H. Wheeler Robinson, George Beasley Murray, Stanley K. Fowler, and Anthony R. Cross.

**The United States Government Manual**, 2000 **The United States Government Manual** United States. Office of the Federal Register, 2000 **Popular Science**, 1959-03 Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better and science and technology are the driving forces that will help make it better. *Du Pont Magazine*
