- 12 Distribution of air in the passenger compartment.
- 13 Right and left temperature display.
- 14 Zone displaying air conditioning settings.
- 15 "DUAL" function.
- 16 "Automatic recirculation" function.
- 17 Air conditioning.
- 19 Stopping the system.

Some buttons have a warning light indicating their operative state.

Automatic mode

The automatic climate control system guarantees comfort in the passenger compartment and good visibility (except in the event of extreme conditions), while optimising consumption. The system controls the ventilation speed, air distribution, air recirculation, and starting and stopping the air conditioning and air temperature.

This mode consists of a choice of three programmes:

NORMAL : allows the selected comfort level to be best attained, depending on the exterior conditions. Press button 4 or key 9.

SOFT: reaches the desired comfort level more gently and silently. Press button 8.

FAST: increases the flow of air in the passenger compartment. This mode is recommended in particular to optimise comfort in the rear seats. Press button 10.

Screen Design Manual Frank Thissen, 2003-09-11 The Screen Design Manual provides designers of interactive media with a practical working guide for preparing and presenting information that is suitable for both their target groups and the media they are using. It highlights background information and relationships, clarifying them with examples and encourages the further development of the language of digital media. In addition to the basics of perception and learning psychology, ergonomics, communication theory, imagery research, and aesthetics, the book also considers design, navigation, and orientation elements. Guidelines and checklists along with the comprehensive design of the book support the transfer of information into practice. Frank Thissen teaches multimedia didactics and information design at the University of Applied Sciences in Stuttgart. For over 10 years, he has been developing computer-based training. He has worked for international companies such as Siemens AG and SAP AG. His research project explores the role of emotion in e-learning. www.frankthissen.de
