**Colonial Australian Women Poets** Katie Hansford, 2021-01-08 My book traces the significant poetic and political contributions made by non canonical women poets situating women s poetry both in colonial Australian print culture and in wider imperial and transnational contexts Women poets in colonial Australia have tended to be represented as marginal and isolated figures or absent This study intervenes by demonstrating an alternative networked tradition of transnational feminist poetics and politics beyond and around emergent masculine nationalism particularly within newspapers and periodical print culture Without the inclusion of periodical literature women s poetry in Australia during the colonial period would appear to have been fairly limited When periodical literature is taken into account this picture is radically altered and poets emerge as consistent contributors often across a variety of newspapers and journals who were well known influential and connected with political figures and literary circles In examining this poetry in the original context of the newspapers and journals the political intervention and the reception of that poetry is made much more apparent

**The Dionysian Gospel** Dennis R. MacDonald, 2017-04-01 Those who eat my flesh and drink my blood abide in me and I in them Dennis R MacDonald offers a provocative explanation of those scandalous words of Christ from the Fourth Gospel an explanation that he argues would hardly have surprised some of the Gospel s early readers John sounds themes that would have instantly been recognized as proper to the Greek god Dionysos the Roman Bacchus not least as he was depicted in Euripides s play *The Bacchae* A divine figure the offspring of a divine father and human mother takes on flesh to live among mortals but is rejected by his own He miraculously provides wine and offers it as a sacred gift to his devotees women prominent among them dies a violent death and returns to life Yet John takes his drama in a dramatically different direction while Euripides s Dionysos exacts vengeance

on the Theban throne the Johannine Christ offers life to his followers MacDonald employs mimesis criticism to argue that the earliest Evangelist not only imitated Euripides but expected his readers to recognize Jesus as greater than Dionysos

**Surviving the Future** David Fleming, Shaun Chamberlin, 2016 *Surviving the Future* is a story drawn from the fertile ground of the late David Fleming's extraordinary *Lean Logic: A Dictionary for the Future and How to Survive It*. That hardback consists of four hundred and four interlinked dictionary entries inviting readers to choose their own path through its radical vision. Recognizing that *Lean Logic*'s sheer size and unusual structure can be daunting, Fleming's long time collaborator Shaun Chamberlin has selected and edited one of these potential narratives to create *Surviving the Future*. The content, rare insights and uniquely enjoyable writing style remain Fleming's but are presented here at a more accessible paperback length and in conventional read it front to back format. The subtitle *Culture, Carnival and Capital in the Aftermath of the Market Economy* hints at Fleming's vision. He believed that the market economy will not survive its inherent flaws beyond the early decades of this century and that its failure will bring great challenges but he did not dwell on this. We know what we need to do. We need to build the sequel to draw on inspiration which has lain dormant like the seed beneath the snow. *Surviving the Future* lays out a compelling and powerfully different new economics for a post growth world. One that relies not on taut competitiveness and eternally increasing productivity putting the grim into reality but on the play, humor, conversation and reciprocal obligations of a rich culture. Building on a remarkable breadth of intellectual and cultural heritage from Keynes to Kumar, Homer to Huxley, Mumford to MacIntyre, Scruton to Shiva, Shakespeare to Schumacher, Fleming describes a world in which, as he says, there will be time for music. This is the world that many of us want to live in yet we are told it is idealistic and unrealistic. With an evident mastery of both economic theory and historical precedent, Fleming shows that it is not only desirable but actually the only system with a realistic claim to longevity. With friendliness, humor and charm, *Surviving the Future* plucks this vision out of our daydreams and shows us how to make it real.

**Erotic Wisdom** Gary Alan Scott, William A. Welton, 2008-12-18 Erotic Wisdom provides a careful reading of one of Plato's most beloved dialogues the Symposium which explores the nature and scope of human desire er s Gary Alan Scott and William A Welton engage all of the dialogue's major themes devoting special attention to illuminating Plato's conception of philosophy In the Symposium Plato situates philosophy in an intermediate metaxu position between need and resource ignorance and knowledge showing how the very lack of what one desires can become a guiding form of contact with the objects of human desire The authors examine the concept of intermediacy in relation both to Platonic metaphysics and to Plato's moral psychology arguing that philosophy for Plato is properly understood as a kind of being in between as the love of wisdom philosophia rather than the possession of it **Why Did the Chicken Cross the World?** Andrew

**Joyce and Jung** Hiromi Yoshida,2012 Hiromi Yoshida s innovative

approach to *A Portrait of the Artist as a Young Man* demonstrates how Joyce's Stephen Dedalus reaches a heightened state of creativity through his gradual integration of feminine elements into his psyche. Nancy Bombaci, Assistant Professor of Writing and Literature, Mitchell College, New London, Connecticut.

**The Seven Deadly Sins** Stanford M. Lyman, 1989-01-01 When Stanford M. Lyman authored *The Seven Deadly Sins: Society and Evil* in 1978, it was hailed by Alasdair MacIntyre as a book of absorbing interest and importance\_ that places us all in his debt. By Nelson Hart as a masterful and thought-provoking book\_ that is the only scholarly treatment of sin that is so well informed by the best of ancient through modern perspectives. By James A. Aho as a work whose abstract hardly does justice to the scholarly and detailed analysis of sin. And by Harry Cohen as a book\_ that stands as a beautiful illustration of what holistic, idiosyncratic, interdisciplinary, and creative thinking and writing can bring to bear on the age-old problem of society and evil. The American Sociological Association's section on the Sociology of the Emotions selected this book as one of the works that laid the foundations for the study of pride, lust, envy, and anger, basic sentiments embedded in the social process. For this revised and expanded edition, Lyman has written a new chapter, *Sentiments, Sin, and Social Conflict: Toward a Sociology of the Emotions*. The new edition will be a valuable work for courses in social psychology, ethics, deviance, and the sociology of morals and of religion.

**All Things Ancient Rome** Anne Leen, 2023-06-15 Through roughly 160 alphabetically arranged reference entries, this book surveys the material culture and social institutions of Ancient Rome. Ancient Rome was one of the great civilizations of antiquity. Honoring the contributions of their cultural forebearers who included Etruscans, Asians, and Egyptians, as well as Greeks, Roman artists, writers, and thinkers freely borrowed where tradition dictated and innovated where personal talent and imagination directed, forging a unique creative experience that formed the basis of Western European artistic, literary, and philosophical production for 2,000 years. While other reference works typically examine battles and politicians, this book focuses on Roman social history and daily life, painting a detailed picture of the material culture and social institutions of Ancient Rome. A timeline highlights key events, while an overview essay surveys the achievements of the Romans. Reference entries provide objective information about art, architecture, literature, commerce, transportation, government, religion, and other topics related to Roman life. Each entry provides cross-references and suggestions for further reading, and some provide sidebars of interesting facts along with excerpts from primary source documents. The book closes with a selected general bibliography of resources suitable for student research.

*Joyce & Jung* Hiromi Yoshida, 2006 Joyce and Jung offers a provocatively original, chapter-by-chapter analysis of Stephen Dedalus' psychosexual growth in *A Portrait of the Artist as a Young Man*. The author frames this within the Jungian soul portrait gallery known as the four stages of eroticism, in which Eve, Helen, Mary, and Sophia are the soul portraits of Western civilization, drawing the collective eros into the psychic field to be witnessed as a universal spectacle. In James Joyce's twentieth-century classic, Stephen's soul portraits

are the mother the prostitute the Virgin Mary and the Bird Girl      **The Culture of Biomedicine** Dewey Heyward Brock,1984 This wide ranging but well integrated anthology is the first volume in a new series sponsored by the Center for Science and Culture at the University of Delaware The theme of this book is the possibility of developing a unified worldview in which the perspectives of science and the humanities work together in the effort to understand the human condition

Survivors of Atlantis Frank Joseph,2004-08-10 Explores scientific evidence from four cataclysmic events that led to the development of civilization and the downfall of Atlantis The sequel and companion volume to *The Destruction of Atlantis* Studies the connections between the world conquering war the Atlanteans launched and the quartet of natural catastrophes that ravaged the earth more than 5 000 years ago Demonstrates that the Atlanteans ran an imperial copper trade empire that stretched from North America to Asia Minor Archaeologists have long puzzled over the evidence suggesting highly sophisticated copper mining activities in the area of the Great Lakes some 5 000 years ago Menomonie Indian tradition speaks of fair skinned mariners who had come in the past to dig out the shiny bones of the Earth Mother Plato meanwhile recorded that Atlanteans provided an exceptionally high grade of copper that was no longer available in his time In this sequel to *The Destruction of Atlantis* Frank Joseph argues that the Menomonie Indians mariners were Atlanteans and that the destruction of Atlantis by war and natural catastrophe brought about the end of Bronze Age civilization Furthermore Atlantis s survivors dispersed to all sides of their former island empire into Western Europe the Near East and North and South America In *Survivors of Atlantis* Frank Joseph provides an in depth study of the Atlantean war and the intimate connections it had with the last of four great cosmic catastrophes generated by the cyclical return of a comet and its debris This quartet of natural disasters was followed by mass migrations recorded in the histories of such diverse peoples as the Incas of Peru the Celtic Irish the Classical Greeks and the Aztecs of Mexico Where the archaeology mythology astronomy and geology of these cultures coincide a common thread is exposed Atlantis Joseph shows that the fate of the Atlantean empire is the story of early civilization and reveals Atlantis to be a credible part of the world s history      **Aristotle on Sexual Difference** Marguerite

Deslauriers,2022 *Aristotle on Sexual Difference* is a book about Aristotle s understanding of the differences between male and females and men and women It considers what he says about biological differences between the sexes and about psychological differences that he thinks justify different political roles for men and women It discusses the authors who preceded Aristotle highlighting that they treat sexual difference as a misfortune and women as an evil inflicted on men This book demonstrates that Aristotle rejects that view and that he argues for the benefit of sexual difference to animal species and the value of women to their political communities It also traces a connection between Aristotle s accounts of the physiological defects of women and of their political limitations      The Gods and Goddesses of Greek Mythology Don
