The Gospel & Abortion Russell D. Moore, Andrew T. Walker, 2017-01-01 The pro life movement didn't begin in the 1960s but in the Garden Abortion has been a divisive issue in American culture since the sexual revolution Yet the Bible is an unapologetic defender of human dignity Moreover Christians have always cared for the unborn the orphan and the least among us The time is now for this generation to reaffirm what believers have always believed everybody is created in the image of God So what now Editors Russell Moore and Andrew T Walker of the Ethics and Religious Liberty Commission ERLC assemble leading voices to frame the issues with a gospel centered perspective The Gospel for Life series gives every believer a biblically saturated understanding of the most urgent issues facing our culture today because the gospel is for all of life

Popular Music Gavin Lee, 2018-01-29 In studies of gender and sexuality in popular music the concept of difference is often a
crucial analytic used to detect social agency however the alternative analytic of ambiguity has never been systematically
examined While difference from heterosexual norms is taken to be the multivalent sign of resistance oppression and self
invention it can lead to inflated claims of the degree and power of difference This book offers critically oriented case studies
that examine the theory and politics of ambiguity Ambiguity means that there are both positive and negative implications in
any gender and sexuality practices both sameness and difference from heteronormativity and unfixed possibility in the
diverse nature of discourse and practice rather than just difference among fixed multiplicities Contributors present a diverse
array of approaches through music sound psyche body dance performance race ethnicity power discourse and history A wide
variety of popular music genres are broached including gay circuit remixes punk rock Goth music cross dress performance
billboard 100 songs global pop and nineteenth century minstrelsy The authors examine the ambiguities of performance and
reception and address the vexed question of whether it is possible for genuinely new forms of gender and sexuality to emerge
musically This book makes a distinctive contribution to studies of gender and sexuality in popular music and will be of
interest to fields including Popular Music Studies Musicology Ethnomusicology Cultural Studies Queer Studies and Media

Whittington-Hill, 2023-09-07 The Go Go s debut album Beauty and the Beat was released on July 8 1981 The album spent six
weeks in the number one spot on the Billboard charts produced two hit singles and sold more than two million copies making
it one of the most successful debut albums of all time Beauty and the Beat made the Go Go s the first and to date only female
band to have a number one album who not only wrote their own songs but also played their own instruments Beauty and the
Beat is a ground breaking album but the Go Go s are often overlooked when we talk about influential female musicians The
Go Go s were a feminist band and Beauty and the Beat a call to arms that inspired generations of women The band embraced
the DIY spirit of Riot Grrrl before there was a Bikini Kill or a Bratmobile Girls making music on their own terms didn t start
with Courtney Love or Beyonc or Billie Eilish it started with the Go Go s It started with Beauty and the Beat While they may
have controlled their music the Go Go s couldn t control the misogyny of the music industry media and fans The sexist and
tired stereotypes the Go Go s experienced 40 years ago still exist today The legacy of Beauty and the Beat is both a
celebration of how the record inspired countless girls to make art and music on their own terms but also a painful reminder
of how little has changed in how female musicians are marketed manipulated and discarded *Focus On: 100 Most Popular*
