Write a procedural piece that teaches your readers how to do a winter activity.

Winter time is really fun. If you live in a place with snow, you can build a snowman. All you need is snow, rocks and a carrot. First you need a handful of snow & pat it into a small ball & stick sticks together. Second, you roll the ball around so that it gathers more snow. Keep rolling until the ball is 3 to 4 feet around. Third, roll 2 to make two more snowballs smaller than the other. Fourth, place one ball on top of the first. Then add two rocks to form the eyes and one rock for the nose. Now you know how to make a snowman. Have fun!
