

RENAULT "HANDS-FREE" CARD: use (2/3)

Locking the vehicle

There are three ways to lock the vehicle: remotely, using the button 3, or using the RENAULT card.

Remote locking

With the RENAULT card on you, and doors and tailgate closed, move away from the vehicle: it will lock automatically once you have left zone 1.

Note: the distance at which the vehicle locks depends on the surroundings.

The hazard warning lights flash twice and a beep sounds to indicate that the doors have locked.

The beep may be switched off. Consult an approved Dealer.

If a door or the tailgate is open or not properly closed, or a card is in the passenger compartment (or the card reader) the vehicle will not lock. In this situation, no beep sounds and the hazard warning lights do not flash.

Locking using the button 3

If you want to lock your vehicle, the card must be nearby (adjacent garage etc.), with the door and boot closed. Press button 3 on the handle of the driver's door. The vehicle will lock. If a door or the boot is open or not closed properly, the vehicle will quickly lock/unlock.

Note: a RENAULT card must be within the vehicle's access zone (zone 1) to be able to lock the vehicle using the button.

Special note

If you wish to check that the doors are locked after locking using the button 3, you have approximately three seconds to try the door handles without unlocking them.

After this delay, the hands-free mode is activated once again and any movement of a handle will unlock the vehicle.

If the vehicle is fitted with remote window closing, two quick presses on the button 3 automatically causes all the windows to close and the doors to lock (please see the information on "Electric windows, Electric sunroof" in Section 3).
