Reality Squared James Friedman, 2002 Reality based television has come to play a major role in both production decisions and network strategy This text examines the representation of reality within the televisual viewing frame as well as the exponential growth of these programmes Same Time, Same Station James L. Baughman, 2007-03-26 Outstanding Academic Title for 2007 Choice Magazine Ever wonder how American television came to be the much derided advertising heavy home to reality programming formulaic situation comedies hapless men and buxom scantily clad women Could it have been something different focusing instead on culture theater and performing arts In *Same Time Same Station* historian James L Baughman takes readers behind the scenes of early broadcasting examining corporate machinations that determined the future of television Split into two camps those who thought TV could meet and possibly raise the expectations of wealthier better educated post war consumers and those who believed success meant mimicking the products of movie houses and radio decision makers fought a battle of ideas that peaked in the 1950s just as TV became a central facet of daily life for most Americans Baughman's engagingly written account of the brief but contentious debate shows how the inner workings and outward actions of the major networks advertisers producers writers and entertainers ultimately made TV the primary forum for entertainment and information The tale of television's founding years reveals a series of decisions that favored commercial success over cultural aspiration Defining Moments in Journalism Nancy J. Woodhull, Robert W. Snyder, Most great transformations are not apparent as we live through them Only in hindsight do individual moments acquire layers of meaning that give them great significance Looking back is not something that comes naturally to journalists

immersed as they are in breaking events and relentless deadlines But there is still good reason for journalists scholars and people who care about journalism to think about the critical episodes in its recent evolution In *Defining Moments in Journalism* such authors vividly describe episodes of this kind Some of the chapters and contributors include *The Lessons of Little Rock* by Harry S Ashmore *Vietnam and War Reporting* by Peter Arnett *Photo journalists Visionaries Who Have Changed Our Vision* by Jane M Rosett *The Weight of Watergate* by Ellen Hume *Women Sportswriters Business as Usual* by Mary Schmitt *The Connie Chung Phenomenon* by Somini Sengupta and *Covering Politics Is There a Female Difference* by Judy Woodruff The years since the Great Depression and World War II have seen vast changes in America and also in its journalism Journalists relationship to power and authority is more complex the press corps has become more diverse the technology of news reporting is almost unrecognizably different from that of fifty years ago and economic reorganization of the media has bundled news and entertainment organizations into conglomerates of extraordinary size *Defining Moments in Journalism* is a fascinating read for communications scholars and professionals historians and political scientists **One**
