

Opening Remarks at the Miss India Holland Pageant **Sunday, 5th December 2010**

Dear Friends,

1. It is with great pleasure that I accepted the kind offer to be a Special Guest at the Miss India Holland Pageant. This is an unique event which is not only a beauty pageant but a pageant in which Indian ladies present their culture. It is symbolic of how Indian culture is represented here in the Netherlands. The lucky winner will participate in the Miss India world wide Pageant to be held in Dubai, UAE, next year.

2. It would therefore be appropriate to recall the place of women in our history and civilizations going back to Millenia. Women have a unique place in Indian culture including the inter-linkage with nature. It is for this reason that we say Mother Earth, Mother India, Maa Ganga etc. Indian culture has been sustained for more than 5000 years primarily because of the role of women. All of you are familiar with the role of women in Indian mythology but perhaps it is important to recall that even in the last century Margaret Noble became Sister Nivedita and disseminated the word of Vivekananda while the Mother was a spokesperson for Aurovindo. The Indian woman has traditionally been equated with "Shakti" - "Power" derived from the Sanskrit word of "Power" or "Energy". Shakti represents creation, fire, the brilliance of the Sun and the very life force of all living beings. She also represents intelligence (Buddhi), compassion (Daya) and divine love (Bhakti) among her many functions. The women we see here today symbolize the Indian women in all these different manifestation. Feminism came to India thousands of years ago. Indeed, part of the Rig Veda (2250-1500 B.C.) is known as "Devi Sukta" and symbolizes recognition of Shakti as a cosmic principle. Throughout history, the Indian woman played this twin role of beauty and compassion on one hand and intelligence on the other. This is what makes the Indian women unique!

Plato's Introduction of Forms R. M. Dancy,2004-09-16 Scholars of Plato are divided between those who emphasize the literature of the dialogues and those who emphasize the argument of the dialogues and between those who see a development in the thought of the dialogues and those who do not In this important book Russell Dancy focuses on the arguments and defends a developmental picture He explains the Theory of Forms of the *Phaedo* and *Symposium* as an outgrowth of the quest for definitions canvassed in the Socratic dialogues by constructing a Theory of Definition for the Socratic dialogues based on the refutations of definitions in those dialogues and showing how that theory is mirrored in the Theory of Forms His discussion notable for both its clarity and its meticulous scholarship ranges in detail over a number of Plato s early and middle dialogues and will be of interest to readers in Plato studies and in ancient philosophy more generally

Tice, 2012-03-09 Universities are unlikely venues for grading bodies beauty poise and style Nonetheless thousands of college women have sought not only college diplomas but campus beauty titles and tiaras throughout the twentieth century and the cultural power of beauty pageants continues into the twenty first In *Queens of Academe* Karen W. Tice asks how and why does higher education remain in the beauty and body business and with what effects on student bodies and identities Drawing on archival research and interviews as well as hundreds of hours observing college pageants on predominantly black and white campuses Tice argues the pageants help to illuminate the shifting iterations of class race religion culture sexuality and gender braided into campus rituals and student life Moving beyond a binary of objectification versus empowerment Tice offers a nuanced analysis of the making of idealized collegiate masculinities and femininities and the stylization of higher education itself The Most Beautiful Girl in the World Sarah Banet-Weiser, 2023-04-28 Sarah Banet Weiser complicates the standard feminist take on beauty pageants in this intriguing look at a hotly contested but enduringly popular American ritual She focuses on the Miss America pageant in particular considering its claim to be an accurate representation of the diversity of contemporary American women Exploring the cultural constructions and legitimations that go on during the long process of the pageant Banet Weiser depicts the beauty pageant stage as a place where concerns about national identity cultural hopes and desires and anxieties about race and gender are crystallized and condensed The beauty pageant she convincingly demonstrates is a profoundly political arena deserving of serious study Drawing on cultural criticism ethnographic research and interviews with pageant participants and officials *The Most Beautiful Girl in the World* illustrates how contestants invent and reinvent themselves while articulating the female body as a national body Banet Weiser finds that most pageants are characterized by the ambivalence of contemporary liberal feminism which encourages individual achievement self determination and civic responsibility while simultaneously promoting very conventional notions

of beauty The book explores the many different aspects of the Miss America pageant including the swimsuit the interview and the talent competitions It also takes a closer look at some extraordinary Miss Americas such as Bess Myerson the first Jewish Miss America Vanessa Williams the first African American Miss America and Heather Whitestone the first Miss America with a disability Sarah Banet Weiser complicates the standard feminist take on beauty pageants in this intriguing look at a hotly contested but enduringly popular American ritual She focuses on the Miss America pageant in particular considering its claim to be an accurate
