Delameter,2011-05-10 It is 2050 and after years of denial it had become a grim reality The Earth was dying With limited time to find and establish another habitable planet in one of the many universes the leaders of the New Interplanetary Space Agency finally overcome aging issues and decide to send a group of fifteen young orphans into space to carry out the mission Eleven year old Drago and the other orphans from around the world are happy to leave their old lives behind as their ship hurls through space With three adults on board as their guardians all seems to be going well some ninety days into their journeyuntil one of the scientists charged with watching the universe through the Hubble telescope notices an anomaly Unfortunately the blur on the telescope lens is not a piece of space fuzz as he had hopedit is a monster wormhole that has consumed the ship sending the innocent children on board into a different galaxy and toward an unknown planet As the ship enters its landing orbit around a strange planet Drago and the space orphans have no idea they are about to begin the adventure of a lifetime The Argosy ,1902 Drago's Vendetta Jim Meehan,2020-02-07 Drago s Vendetta By Jim Meehan
