Here's what some of our student and NQN reviewers said: The writing style and tone of voice is just right; it reads as though I'm having a conversation with a knowledgeable, trusted friend. I noticed that it answered many of the questions I was always embarrassed to ask, as I thought I should have already known those things. I have wanted a book that covers the information provided in this book and have been unable to find one. I think this book will be an incredibly useful resource. Drawing on her 30 years' experience as a Registered Nurse and University Lecturer/Practitioner, Carol Forde Johnston has written an accessible and practical book that aims to respond to the questions and concerns that her students and NQNs frequently raise and to help you thrive as a newly qualified nurse.

The Essential Guide to Becoming a Staff Nurse Ian Peate, 2016-01-19. Written specifically for graduating students and newly registered nurses, this essential handbook will help you navigate the transition from student to registered practitioner. Providing you with the key knowledge to help consolidate your degree course, *The Essential Guide to Becoming a Staff Nurse* will enable you to become an autonomous and accountable practitioner. Covering everything the newly registered nurse needs to know, this handy book explores: How to get the job you want; The role and function of the staff nurse; Accountability and delegation; Working with patients and their families; Becoming a manager; Continuing professional and personal development. With activities, practical hints and tips throughout, this accessible aide-memoire will provide indispensable support for newly registered nurses in all fields.

Nursing and Midwifery Portfolios Kate Andre, Marie Heartfield, 2011. The implementation of National registration requires Australian and New Zealand Nurses and Midwives to perform annual Continuing Professional Development. They must also document evidence of skills acquisition, activities, reflection, identification and prioritisation of their learning needs in a portfolio. With the global trend towards e-Portfolios, many higher education institutions encourage the use of e-Portfolios as a tool to enhance learning and demonstrate career development. *Nursing and Midwifery Portfolios: evidence of continuing competence* 2e has been thoroughly revised with a focus on e-Portfolios to provide tools to structure, reflect, plan, develop and communicate professional achievements for nurses and midwives. A new chapter on Reflection highlights the value of including reflection within portfolios as a critical element towards addressing learning needs for individuals. Australian and New Zealand regulatory frameworks. By providing direct application to the local regulatory context, including applied examples, this book gives the reader the opportunity to understand the perspective of their local regulator, thus assisting them in producing a product that addresses the needs of the regulator. A range of portfolio approaches. Through understanding a range of portfolio approaches, the reader can gauge which approach best meets their needs. Examination of the nature and role of evidence. This assists the reader to understand the need for a range of evidence and how the different types of evidence contribute to specific aspects necessary to substantiate the broader argument of competence. Through the use of quality evidence, the reader can compile a more compact but effective portfolio. Performance and career planning. The direct link made in this book between portfolios, performance and career planning means that the value of this book extends

beyond being a tool for undergraduate and postgraduate students Rather this text is designed to assist a range of clinicians and managers in assisting them either plan their own careers or influence others in developing careers inline with the future needs of their organisation New information about e Portfolios A new chapter on Reflection Updated regulatory requirements for National registration Aligned to NMBA CPD standards Greater emphasis on evidence based practice Increased use of examples and case studies
