Person only: and Jesus Christ a being distinct from God, etc Rev. John SHERMAN,1825 *Menkiti on Community and Becoming a Person* Edwin Etieyibo, Polycarp Ikuenobe, 2020-07-24 Ifeanyi Menkiti's articulation of an African conception of personhood especially in *Person and Community in African Traditional Thought* has become very influential in African philosophy. Menkiti on *Community and Becoming a Person* contributes to the debate in African philosophy on personhood by engaging with various aspects of Menkiti's account of person and community. The contributors examine this account in relation to themes such as individualism, communalism, rights, individual liberty, moral agency, communal ethics, education, state and nation building, elderhood and ancestorhood. Through these themes, this book, edited by Edwin Etieyibo and Polycarp Ikuenobe, shows that Menkiti's account of personhood in the context of community is both fundamental and foundational to epistemological, metaphysical, logical, ethical, legal, social and political issues in African thought systems.

Introduction to Group Therapy Scott Simon Fehr, 2014-02-25 Provides a solid foundation for anyone interested in group therapy. *Introduction to Group Therapy: A Practical Guide, Second Edition* continues the clinically relevant and highly readable work of the original, demonstrating the therapeutic power group therapy has in conflict resolution and personality change. This unique book combines theory and practice in a reader-friendly format, presenting practical suggestions in areas rarely covered in academic settings. A proven resource for introductory and advanced coursework, the book promotes group therapy at the grassroots level, students where it has the most opportunity to be put into effect. *Introduction to Group Therapy: A Practical Guide, Second Edition* expands on issues presented in the book's first edition and introduces new information on topics such as the historical beginnings of group therapy, theories, modalities, practical issues of how to set up an office for an effective group environment, surviving your training site, problem clients, contemporary issues drawn from online discussion and developing a group practice. The book also includes case studies, review questions, a glossary, appendices of relevant topics and an extensive bibliography. Changes to *Introduction to Group Therapy: A Practical Guide* include the expansion of A Case Study into two chapters to include analysis from 17 senior clinicians, a new chapter on group therapy as a negative experience, a new chapter on group psychotherapy as a specialty, new material on self-protection, new material on the training site and the problematic client, and much more. Yet while we know about particular events of loss independently, we know very little about a psychology of loss that draws many adversities together. This universal

experience of loss as a concept in its own right sheds light on so much of the work we do in the care of others This book develops a new overarching framework to understand loss and grief taking into account both pathological and wellbeing approaches to the subject Drawing on international and cross disciplinary research Judith Murray highlights nine common themes of loss helping us to understand how it is experienced These themes are then used to develop a practice framework for structuring assessment and intervention systematically Throughout the book this generic approach is highlighted through discussing its use in different loss events such as bereavement trauma chronic illness and with children or older people Having been used in areas as diverse as child protection palliative care and refugee care the framework can be tailored to a range of needs and levels of care Caring for people experiencing loss is an integral part of the work of helping professions whether it is explicitly part of their work such as in counselling or implicit as in social work nursing teaching medicine and community work This text is an important guide for anyone working in these areas Laws of the State of New York Passed at the Sessions of the Legislature New York (State).
