Title	Mashed Potato Pizza
Introduction	My grandpa always tells me that people who laugh at their own mistakes will get everyone else to laugh along with them. Yesterday, I learned that he is right.
Beginning of the Story	"Stay in line," Mrs. Martin said. I knew right away that my friend Naomi wouldn't be able to cut. I looked at Naomi and frowned. Soon, the line began to move faster, and I followed along hoping that there would still be pizza.
Middle Events	When I reached the counter, I looked at the choices. I could only see chicken and mashed potatoes, macaroni and cheese, and fish. I could hear the rumbling of my very disappointed stomach. Then, out of the corner of my eye, I saw one last piece of pepperoni pizza. I got so excited. "Pepperoni pizza," I said politely. Mrs. Martin handed me the pizza. I took the paper plate so quickly that the pizza slid off the plate. I tried to save it, but the pizza landed in the pan of hot, buttery mashed potatoes. I could feel my face turning redder and redder. All I could hear was laughter from the kids in line. As I looked at the upside-down pizza, I heard Mrs. Martin's voice. "Maria, would you like a side of mashed potatoes with your pizza?"
End of the Story	I looked up and saw Naomi. She was laughing too. With a nervous smile, I said, "Of course."
Conclusion	Mrs. Martin smiled and scooped the mashed potato pizza on my plate. I looked around at my friends, and we all laughed again. I never really believed my grandpa until I saw my friends laughing with me. The laughing made me feel good instead of just clumsy.

Wasser, 2021-08-16 I just cannot write or I am not a good writer are familiar complaints from students in academia Many of them claim they cannot express themselves clearly in written text and their lack of this skill impedes them in their academic career In this book Nancy A Wasser argues that teachers can help solve this when they start viewing writing not as secondary to reading but as the equally important side of the same coin Those who cannot read will not be able to write Wasser explains how teaching and regular practicing of writing skills from an early age onwards helps children grow into students who are self aware of their voices By employing narrative as a process of learning to write and a way to read teachers can teach children the art of writing while also making children more aware of their own constructions of narrative Combining the focus on individual and group expression in writing lessons students can trace and reflect on their own life transformations through their writing process Good writers are not born that way but made through effort and practice Changes in curriculum may not only lead to better expressed citizens but also to more balance between teacher and children voices **Writing Instruction for English Learners** Eugenia Mora-Flores, 2008-10-29 Focusing on narrative expository and persuasive writing and poetry this guide provides strategies and tools to facilitate writing development for English learners in Grades 2-8 Journal of Character Education Jacques S. Global Children's Literature in the College Classroom Sara Austin, Tanja Nathanael, 2023-05-22 Global Children's Literature in the College Classroom explores the importance of children's literature as a pedagogical resource in any college course. It can be used to introduce a complex topic, give students a glimpse into a specific culture, or expand the way students think about education and teaching. Global children's literature is particularly useful in language classrooms, education programs, and classes that discuss globalism and colonialism. This book includes fifteen essays representing fifteen countries and eight languages, divided into four sections. The first section of essays, *Across the University*, looks at children's literature in non-traditional settings, including British literature and multicultural studies, which considers what children's literature specifically brings to these courses. The second section, *Borders and Crossings*, examines how children's literature defines or defies political and cultural separations. The third section, *Childhood Studies and Education*, considers the importance of global children's literature in education classrooms as a way of promoting diversity and inclusion. The fourth section, *Non-English Texts and Texts in Translation*, focuses on the use of children's literature to teach language and folklore traditions in France, Russia, and Italy. The essay that closes this section discusses using children's literature to teach translation skills at the University of Taipei.
