3. How Do Students Learn Best?

Every student has a strategy they use to remember information more efficiently while studying. Some of them take notes; some make diagrams; some prefer to listen to lectures, etc. Since no learning style fits all students, scientists have conducted research in order to understand the way students learn new information best. Let's look at the different types of learning they have distinguished.

What Are the Main Four Types of Learning in Education?

We mentioned before that scientists have for years tried to understand the best ways students learn through research. One of the popular theories, to this day, is
