Most chapters have been reviewed and edited by the theorist for currency and accuracy, further validating the accounts set forth in the text. Theorist birth and, if applicable, death dates help you place each individual into a time context. A new chapter introduces the theorist Afaf Meleis and covers her Transition Theory that has helped shape the theoretical development of nursing. Points for further study at the end of each chapter direct you to assets available for additional information. Need-to-know information is highlighted in a glance summary boxes throughout to help you quickly review key concepts.
