# **Politics A Very Short Introduction:**

Politics: A Very Short Introduction Kenneth Minoque, 2000-02-24 In this introduction Kenneth Minoque discusses the development of politics from the ancient world to the twentieth century He considers the evolution of different systems ideological aspects and the future of political science American Politics: A Very Short Introduction Richard M. Valelly, 2013-02-11 American politics seems to grow more contentious and complicated by the day and whether American democracy works well is hotly debated Amidst all this roiling partisan argument and confusing claims and counterclaims there has never been a greater need for an impartial primer on the basics of the American political system This Very Short Introduction gives readers a concise accessible and sophisticated overview of the vital elements of American democracy emphasizing both how these elements function their historical origins and how they have evolved into their present forms Richard Valelly covers all facets of America's political system the bicameral Congress and the place of the filibuster the legislative executive process the role of the Supreme Court political parties and democratic choice bureaucracy the partisan revival and the political economy He offers as well an original analysis of the evolution of the American presidency and a fascinating chapter on the effects of public polling on political decision making and voter representation Valelly shows that the American political system is and always has been very much a work in progress unfolding within and also constantly updating an eighteenth century constitutional framework In a refreshingly balanced and judicious assessment he explores the strengths of American democracy while candidly acknowledging both gaps in representation and the increasing income inequality have sparked protest and intense public discussion Finally Valelly considers the remarkable persistence for more than two centuries of the basic constitutional forms established in 1787 despite the dramatic social changes that have reshaped virtually all aspects of American life For anyone wishing to understand the nuts and bolts of how our political system works and sometimes fails to work this Very Short Introduction is the very best place to start About the Series Oxford s Very Short Introductions series offers concise and original introductions to a wide range of subjects from Islam to Sociology Politics to Classics Literary Theory to History and Archaeology to the Bible Not simply a textbook of definitions each volume in this series provides trenchant and provocative yet always balanced and complete discussions of the central issues in a given discipline or field Every Very Short Introduction gives a readable evolution of the subject in question demonstrating how the subject has developed and how it has influenced society Eventually the series will encompass every major academic discipline offering all students an accessible and abundant reference library Whatever the area of study that one deems important or appealing whatever the topic that fascinates the general reader the Very Short Introductions series has a handy and affordable guide that will likely prove indispensable Politics Kenneth Minogue, 2000-02-24 In this provocative but balanced essay Kenneth Minogue discusses the development of politics from the ancient world to the twentieth century He prompts us to consider why political systems evolve how politics offers both power and order in our society whether

democracy is always a good thing and what future politics may have in the twenty first century ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable **Politics** Kenneth R. Minogue,1995 In this essay Kenneth Minogue discusses the development of politics from the ancient world to the twentieth century He prompts us to consider why political systems evolve how politics offers both power and order in our society whether democracy is always a good thing and what future politics may have in the twenty first century BOOK JACKET

**Environmental Politics: A Very Short Introduction** Andrew Dobson, 2016-01-28 Environmental politics has many faces and operates at multiple scales it preoccupies individuals as well as governments drives local agreements as well as international treaties results in minor business changes as well as wholesale business decisions and fluctuates between a politics of protest and one of accommodation In this Very Short Introduction Andrew Dobson offers a lively and comprehensive commentary on the many facets of environmental politics today Looking towards the future he asks whether environmental politics will be comfortably accommodated by mainstream politics or whether the advent of the Anthropocene a whole new geological epoch driven by human impact on the environment will herald a break with the politics of growth that has dominated social life since the beginning of the Industrial Revolution ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject guickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable Political Philosophy David Miller, 2003-06-26 This book introduces readers to the concepts of political philosophy It starts by explaining why the subject is important and how it tackles basic ethical questions such as how should we live together in society It looks at political authority the reasons why we need politics at all the limitations of politics and whether there are areas of life that shouldn t be governed by politics It explores the connections between political authority and justice a constant theme in political philosophy and the ways in which social justice can be used to regulate rather than destroy a market economy David Miller discusses why nations are the natural units of government and whether the rise of multiculturalism and transnational co operation will change this will we ever see the formation of a world government ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable **Geopolitics: A Very Short Introduction** Klaus Dodds, 2019-07-25 Geopolitics is a slippery term From great power politics and speculation about resource scrambles to everyday encounters and objects such as smart phones it affects citizens corporations international bodies social movements and governments

Geopolitics is far more than simply the impact of geographical features such as rivers mountains and climate on political developments Geography matters but not necessarily in the way that pundits and presidents assume In this Very Short Introduction Klaus Dodds tours the field of geopolitics encompassing both its intellectual historical origins and its current concerns As people struggle to cross borders moving a few feet either side of a territorial boundary can be a matter of life or death dramatically highlighting the connections between place and politics Even far away from the front lines of states geopolitics remains an important part of everyday life A country's connectivity location size and resources all affect how the people that live there understand and interact with the wider world In this third edition Dodds includes new sections considering the rise of populism and economic nationalism as examples of how states people and corporations manage territorial frames for political projects such as Make America Great Again One Belt One Road and Brexit ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable Political Thought Richard Whatmore, 2021 Richard Whatmore examines the diverse interconnected relationships between political history theory and action Considering the work of Michel Foucalt John Pocock Quentin Skinner and other key theorists this book highlights the connections between past and present political systems and the ongoing relevance of the field today Politics and the Concept of the Political James Wiley, 2016-05-26 A recent trend in contemporary western political theory is to criticize it for implicitly trying to conquer displace or moralize politics James Wiley s book takes the next step from criticizing contemporary political theory to showing what a more politics centered political theory would look like by exploring the meaning and value of politics in the writings of Max Weber Carl Schmitt Paul Ricoeur Hannah Arendt Sheldon Wolin Claude Lefort and Ernesto Laclau and Chantal Mouffe These political theorists all use the concept of the political to explain the value of politics and defend it from its detractors They represent state centered republic centered and society centered conceptions of politics as well as realist authoritarian idealist republican populist and radical democratic traditions of political thought This book compares these theorists and traditions of the political in order to defend politics from its critics and to contribute to the development of a politics centered political theory Politics and the Concept of the Political will be a useful resource to general audiences as well as to specialists in political theory **Ideology** Michael Freeden, 2003-06-26 Ideology is one of the most controversial terms in the political vocabulary exciting both revulsion and inspiration This book examines the reasons for those views and explains why ideologies deserve respect as a major form of political thinking It investigates the centrality of ideology both as a political phenomenon and as an organizing framework of political thought and action It explores the changing understandings of ideology as a concept and the arguments of the main ideologies By employing the latest insights from a range of disciplines the reader is introduced to the vitality and force of a

crucial resource at the disposal of societies through which sense and purpose is assigned to the political world ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject guickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable Andrew Gamble, 2019-02-25 People so often focus on the negative aspects of politics like greed and corruption but without politics we would be lost It frames everything we do and it has the power to bring about real and positive change Politics Andrew Gamble reminds us defeated slavery and secured equal rights for women and minorities Without savvy and principled politicians and citizens willing to engage in political action there would still be civil war in Ireland and apartheid in South Africa Closer to home local politicians stand up for communities and endeavour to advance the prosperity and wellbeing of their constituents But it hasn t always been like this and without good politicians we could throw it all away Right now humanity is in a race against itself adjusting to new technologies that are destabilizing democracy and creating massive inequalities By thinking and acting politically Gamble argues we can harness the imagination and enthusiasm of people everywhere to tackle these challenges and shape a better world The Oxford Handbook of British Politics Matthew Flinders, Andrew Gamble, Colin Hay, Michael Kenny, 2009-07-16 The study of British politics has been reinvigorated in recent years as a generation of new scholars seeks to build upon a distinct disciplinary heritage while also exploring new empirical territory and finds much support and encouragement from previous generations in forging new grounds in relation to theory and methods It is in this context that The Oxford Handbook of British Politics has been conceived The central ambition of the Handbook is not just to illustrate both the breadth and depth of scholarship that is to be found within the field It also seeks to demonstrate the vibrancy and critical self reflection that has cultivated a much sharper and engaging and notably less insular approach to the terrain it seeks to explore and understand In this emphasis on critical engagement disciplinary evolution and a commitment to shaping rather than re stating the discipline The Oxford Handbook of British Politics is consciously distinctive In showcasing the diversity now found in the analysis of British politics the Handbook is built upon three foundations The first principle that underpins the volume is a broad understanding of the political It covers a much broader range of topics themes and issues than would commonly be found within a book on British politics This emphasis on an inclusive approach also characterises the second principle that has shaped this collection namely diversity in relation to commissioned authors The final principle focuses on the distinctiveness of the study of British politics Each chapter seeks to reflect on what is distinctive both in terms of the empirical nature of the issue of concern and the theories and methods that have been deployed to unravel the nature and causes of the debate The result is a unique volume that draws upon the intellectual strengths of the study of British politics reflects the innate diversity and inclusiveness of the discipline isolates certain distinctive issues and then reflects on their broader international relevance and finally looks to the future by pointing

towards emerging or overlooked areas of research **Understanding Comparative Politics** Lisa A. Baglione,2024-02-22 Understanding Comparative Politics links comparative politics to identity helping students make personal connections and actively learn and explore through maps data theory and reflection questions Issues of race gender ethnicity and religion are put into context encouraging critical thinking about world regions and individual countries through the lens of current events

American Political History: A Very Short Introduction Donald T. Critchlow, 2015-01-14 The Founding Fathers who drafted the United States Constitution in 1787 distrusted political parties popular democracy centralized government and a strong executive office Yet the country's national politics have historically included all those features In American Political History A Very Short Introduction Donald Critchlow takes on this contradiction between original theory and actual practice This brief accessible book explores the nature of the two party system key turning points in American political history representative presidential and congressional elections struggles to expand the electorate and critical social protest and third party movements The volume emphasizes the continuity of a liberal tradition challenged by partisan divide war and periodic economic turmoil American Political History A Very Short Introduction explores the emergence of a democratic political culture within a republican form of government showing the mobilization and extension of the mass electorate over the lifespan of the country In a nation characterized by great racial ethnic and religious diversity American democracy has proven extraordinarily durable Individual parties have risen and fallen but the dominance of the two party system persists Fierce debates over the meaning of the U S Constitution have created profound divisions within the parties and among voters but a belief in the importance of constitutional order persists among political leaders and voters Americans have been deeply divided about the extent of federal power slavery the meaning of citizenship immigration policy civil rights and a range of economic financial and social policies New immigrants racial minorities and women have joined the electorate and the debates But American political history with its deep social divisions bellicose rhetoric and antagonistic partisanship provides valuable lessons about the meaning and viability of democracy in the early 21st century ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable **Introduction to Global Politics** Steve Lamy, Steven L. Lamy, John Masker, 2016-01-21 Introduction to Global Politics Fourth Edition provides students with a current engaging and non U S perspective on global politics It shows students how to analyze global political events using theoretical approaches both mainstream and alternative and emphasizes non state actors more than any other global politics text Chapter by Chapter Revisions Chapter 1 Introduction to Global Politics Expanded theoretical coverage introduces students to the three theoretical traditions in international relations theory Machiavellian Grotian and Kantian New Case Study Global Production and the iPhone Chapter 2 The Evolution of Global Politics Revised chapter opening vignette addresses the goals

#### **Politics A Very Short Introduction Introduction**

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Politics A Very Short Introduction free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Politics A Very Short Introduction free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from

dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Politics A Very Short Introduction free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Politics A Very Short Introduction. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Politics A Very Short Introduction any PDF files. With these platforms, the world of PDF downloads is just a click away.
