Geospatial Technology and Smart Cities Poonam Sharma, 2021-07-06 This book presents fundamental and applied research in developing geospatial modeling solutions to manage the challenges that urban areas are facing today. It aims to connect the academics, researchers, experts, town planners, investors, and government officials to exchange ideas. The areas addressed include urban heat island analysis, urban flood vulnerability, and risk mapping, green spaces, solar energy, infrastructure management, among others. The book suggests directions for smart city research and outlines practical propositions. As an emerging and critical area of research and development, much research is now being done with regard to cities. At the international level and in India alike, the smart cities concept is a vital topic for universities and research centers and well as for civic bodies, town planners, and policymakers. As such, the book offers a valuable resource for a broad readership.

Advancements in Security and Privacy Initiatives for Multimedia Images Kumar, Ashwani, Reddy, Seelam Sai Satyanarayana, 2020-09-25 The use of digital images in today's modernized market is rapidly increasing throughout organizations due to the prevalence of social media and digital content. Companies who wish to distribute their content over the internet face numerous security risks such as copyright violation. Advanced methods for the protection and security of digital data are constantly emerging, and up-to-date research in this area is lacking. **Advancements in Security and Privacy Initiatives for Multimedia Images** is a collection of innovative research on the methods and applications of contemporary techniques for the security and copyright protection of images and their distribution. While highlighting topics including simulation-based security, digital watermarking, protocols, and counterfeit prevention, this book is ideally designed for security analysts, researchers, developers, programmers, academicians, practitioners, students, executives, educators, and policymakers seeking current research on modern security improvements for multimedia images.
