Design for Flooding Donald Watson,Michele Adams,2010-11-23 Design for Flooding contains considerable useful information for practitioners and students Watson and Adams fill the void for new thinking and they advance our ability to create more sustainable regenerative and resilient places Landscape Architecture Magazine

The Art of Classic Planning Nir Haim Buras,2020-01-28 An accomplished architect and urbanist goes back to the roots of what makes cities attractive and livable demonstrating how we can restore function and beauty to our urban spaces for the long term Nearly everything we treasure in the world s most beautiful cities was built over a century ago Cities like Prague Paris and Lisbon draw millions of visitors from around the world because of their exquisite architecture walkable neighborhoods and human scale Yet a great deal of the knowledge and practice behind successful city planning has been abandoned over the last hundred years not because of traffic population growth or other practical hurdles but because of ill considered theories emerging from Modernism and reactions to it The errors of urban design over the last century are too great not to

question The solutions being offered today sustainability walkability smart and green technologies hint at what has been lost and what may be regained but they remain piecemeal and superficial In The Art of Classic Planning architect and planner Nir Haim Buras documents and extends the time tested and holistic practices that held sway before the reign of Modernism With hundreds of full color illustrations and photographs that will captivate architects planners administrators and developers The Art of Classic Planning restores and revitalizes the foundations of urban planning Inspired by venerable cities like Kyoto Vienna and Venice and by the great successes of L'Enfant's Washington Haussmann's Paris and Burnham's Chicago Buras combines theory and a host of examples to arrive at clear guidelines for best practices in classic planning for today's world The Art of Classic Planning celebrates the enduring principles of urban design and invites us to return to building beautiful cities

The Routledge Companion to Twentieth and Early Twenty-First Century Urban Design Jon

Lang, 2020-11-09 The Routledge Companion to Twentieth and Early Twenty First Century Urban Design is a fully illustrated descriptive and explanatory history of the development of urban design ideas and paradigms of the past 150 years The ideas and projects hypothetical and built range in scale from the city to the urban block level The focus is on where the generic ideas originated the projects that were designed following their precepts the functions they address and or afford and what we can learn from them The morphology of a city its built environment evolves unselfconsciously as private and governmental investors self consciously erect buildings and infrastructure in a pragmatic piecemeal manner to meet their own ends Philosophers novelists architects and social scientists have produced myriad ideas about the nature of the built environment that they consider to be superior to those forms resulting from a laissez faire attitude to urban development Rationalist theorists dream of ideal futures based on assumptions about what is good empiricists draw inspirations from what they perceive to be working well in existing situations Both groups have presented their advocacies in manifestoes and often in the form of generic solutions or illustrative designs This book traces the history of these ideas and will become a standard reference for scholars and students interested in the history of urban spaces including architects planners urban historians urban geographers and urban morphologists

The Zeon Files Mark C. Childs, Ellen D. Babcock, 2016-05-15 In the mid

twentieth century Eddie's Inferno Cocktail Lounge Bunny Bread Paris Shoe Shop and many other businesses throughout New Mexico and the Southwest displayed eye catching roadside signs created by the Zeon Corporation These works of commercial art featured unique designs irregular shapes dynamic compositions and neon light The legendary fiesta dancer at the Albuquerque Terrace drive in theater for example was well known for the grace of its lines its enormous size and its flashing neon skirt Created during a time before the simplified icons of major chains many of these culturally significant artworks no longer exist The Zeon Files rescues these historic artifacts from obscurity presenting a collection of the working drawings of historic Route 66 era signs In addition to presenting a visually rich archive the authors discuss the working methods of design and construction and the craft of drafting techniques during this innovative era of American sign making
