Writing for Social Scientists Howard S. Becker,2008-11-15 Students and researchers all write under pressure and those pressures most lamentably the desire to impress your audience rather than to communicate with them often lead to pretentious prose academic posturing and not infrequently writer s block Sociologist Howard S Becker has written the classic book on how to conquer these pressures and simply write First published nearly twenty years ago Writing for Social Scientists has become a lifesaver for writers in all fields from beginning students to published authors Becker s message is clear in order to learn how to write take a deep breath and then begin writing Revise Repeat It is not always an easy process as Becker wryly relates Decades of teaching researching and writing have given him plenty of material and Becker neatly exposes the foibles of academia and its publish or perish atmosphere Wordiness the passive voice inserting a the way in which when a simple how will do all these

mechanisms are a part of the social structure of academic writing By shrugging off such impediments or at the very least putting them aside for a few hours we can reform our work habits and start writing lucidly without worrying about grades peer approval or the literature In this new edition Becker takes account of major changes in the computer tools available to writers today and also substantially expands his analysis of how academic institutions create problems for them As competition in academia grows increasingly heated Writing for Social Scientists will provide solace to a new generation of frazzled would be writers
