

Performance Management

Policy 5.25

Office of Human Resources

Applies to: Staff

POLICY

Issued: 10/01/1980
Edited: 04/14/2014

Ohio State is committed to fostering a high performance culture. To achieve this, we strive to provide each member of our community with clear performance objectives, ongoing coaching and feedback, professional development and recognition for outstanding work.

Policy Details

I An effective performance management system:

- A. Requires a shared responsibility between supervisor and employee.
- B. Clarifies and aligns performance objectives with university and unit goals and institutional values.
- C. Includes feedback and coaching concerning job performance.
- D. Identifies training and professional development needs.
- E. Measures and documents performance.
- F. Provides input for human resource decisions (e.g. compensation, recognition, etc.).

II Key Foundational Elements

The university supports flexibility in performance management systems; however, every system must include the foundational elements listed below:

- A. Performance planning – Clear performance objectives should be identified and communicated at the beginning and throughout the performance cycle. These performance objectives should align with unit and university goals and institutional values.
- B. Coaching – Supervisors should use coaching to help employees develop and use their talents for individual and institutional success. Coaching should occur on a regular basis and include a discussion of professional development.
- C. Feedback – Feedback is information about observed behavior that is appreciative or constructive. It is often helpful for staff to receive feedback from more than one source. Customers, peers and direct reports can provide important feedback to supplement the supervisor's observations.
- D. Performance review – This is the culminating communication of the performance cycle, focusing on areas of achievement, areas for improvement and goals for the future.

III Performance Review Guidelines

The [performance review](#) component warrants particular guidelines due to its significance in providing data for critical human resource decisions.

- A. All employees must receive a performance review at least once a year. Supervisors may conduct additional reviews as needed.
- B. Classified civil service staff must receive a review prior to the end of their probationary period, whether initial or promotional, unless terminated during the initial probationary period.
- C. Employees who are members of collective bargaining units will be reviewed in accordance with the terms of the applicable collective bargaining agreement.

Performance Management Procedure Manual

Charles M. CALDWELL

Performance Management Procedure Manual:

Performance Management for the Oil, Gas, and Process Industries Robert Bruce Hey, 2017-04-06 Performance Management for the Oil Gas and Process Industries A Systems Approach is a practical guide on the business cycle and techniques to undertake step episodic and breakthrough improvement in performance to optimize operating costs Like many industries the oil gas and process industries are coming under increasing pressure to cut costs due to ongoing construction of larger more integrated units as well as the application of increasingly stringent environmental policies Focusing on the value adder or revenue generator core system and the company direction statement this book describes a systems approach which assures significant sustainable improvements in the business and operational performance specific to the oil gas and process industries The book will enable the reader to utilize best practice principles of good governance for long term performance enhancement identify the most significant performance indicators for overall business improvement apply strategies to ensure that targets are met in agreed upon time frames Describes a systems approach which assures significant sustainable improvements in the business and operational performance specific to the oil gas and process industries Helps readers set appropriate and realistic short term long term targets with a pre built facility health checker Elucidates the relationship between PSM OHS and Asset Integrity with an increased emphasis on behavior based safety Discusses specific oil and gas industry issues and examples such as refinery and gas plant performance initiatives and hydrocarbon accounting

Operating Policies and Procedures Manual for Medical Practices Bette A. Warn, Elizabeth W. Woodcock, 2001

Effective Operations and Performance Management Bloomsbury Publishing, 2010-10-01 Effective Operations and Performance Management is a multi author volume written by practitioners and academics in their respective fields of expertise including Andrew Mayo Subir Chowdhur Andrew Cox and Leslie L Kossoff providing coverage in all aspects of operations and performance within a company The book addresses measuring and managing operational issues providing you with a solid platform from which to develop strategies and grow your business It includes over 30 chapters covering the management of operations and performance It offers you a rich vein of thought leadership and best practice and practical step by step guides on methods to improve operational robustness and measure performance There are a range of Checklists including Performing a Skills Gap Analysis The Triple Bottom Line Using and Understanding Financial Ratios for Analysis Applying Stress Testing to Business Continuity Management plus much more **Management Guidance for Developing and Installing an ADP Performance Management Program** United States. Automated Data and Telecommunications Service, 1978 **Industrial Research Performance Management** Tatjana Samsonowa, 2011-11-19 Managers are increasingly concerned with the typical methods available for organizational performance measurement and control Research into performance measurement within the field of innovation management has been variously approached through frameworks for performance measurement in general for example the Balanced Scorecard by Norton and Kaplan R D performance management and surveys on in use Key Performance Indicators KPIs It is striking however that almost no research has focused explicitly on the performance measurement of research activities or indeed tried to develop a systematic approach to setting KPIs for specific research goals This work in co operation with ABB Research Deutsche

Telekom AG Laboratories EMC2 Advanced Technology Solutions IBM Research Intel Research Microsoft Research Philips Research and SAP Research develops a systematic approach to performance measurement for industrial research organizations in innovation driven companies The following questions are addressed 1 Which research goals do research departments have 2 Which KPIs do they use to monitor the achievement of these goals 3 Is there a systematic best practice approach to selecting KPIs for performance goals The outcome is a complete set of eleven performance clusters such as the transfer of research results to the development or other organizational departments and each cluster has its own set of KPIs The eleven clusters are Technology Transfer Future Business Opportunities Technical Achievements Intellectual Property Operational Excellence Talent Pool Image Publications Presence in Scientific Community Collaboration with Academia Collaboration with Partners and Customers This work led to the creation of the Institute for Industrial Research Performance Management that provides ongoing research and insights for managers of industrial research organizations

Implementing Best Practices in Human Resources Management Hugh Secord, 2003 *The Performance Management Systems Playbook* H. James Harrington, Frank Voehl, 2023-12-22 The objective of the ISO 56002 standard is to provide a framework on how to build an innovation ecosystem that can be sustained over time Similar to the quality management system that ISO established decades ago this standard provides instructions related to best practices on how to establish an Innovative Management System within an organization However it does not provide guidance on how to implement and or use the standard The ISO Standard 56004 Innovation Management Assessment was designed to define the maturity level of an organization s Innovation Management System The primary purpose of most Innovative Management Systems is to process a continuous flow of new and highly creative outputs that will meet external customers needs and expectations The users of ISO 56002 and 56004 know that they are what to do documents This book however shows you how to do it Both ISO Standard 56002 and 56004 are focused on improving the organization s innovative management system This book focuses on how to train employees on how to use the system to add value to the organization s stakeholders There are no books out on the subject this book greatly assists managers business leaders entrepreneurs and consultants seeking help in using the innovation management system effectively and efficiently Essentially this book presents an effective marriage between the innovative management system and how it will operate when it becomes part of the operating procedures **ACCA P5 Advanced Performance Management** BPP Learning Media, 2015-04-30 BPP Learning Media s status as official ACCA Approved Learning Provider Content means our ACCA Study Texts and Practice Revision Kits are reviewed by the ACCA examining team BPP Learning Media products provide you with the exam focussed material you need for exam success
