Interaction in Paired Oral Proficiency Assessment in Spanish Ana Maria Ducasse, 2010 Defining the construct of interaction for paired assessment purposes has been difficult despite the evolution of our view of language to include the social perspective of co construction and the fact that such discourse is increasingly taught and assessed In this volume three sequenced studies define interaction in paired oral assessment through the verbal protocols of learners of Spanish and their assessors Assessors then scale performances from videoed test performance data resulting in the development of an evidence based rating process which includes non verbal interpersonal communication interactive listening and interactional management

Current trends in anglophone studies: cultural, linguistic and literary research: Javier GARCÍA RUANO, 2011 La publicación de este volumen representa un caso relativamente insólito Un pequeño grupo de jóvenes investigadores de menos de treinta años convence a un grupo mucho más numeroso de la misma edad para celebrar en Salamanca la First Conference of Young Researchers on Anglophone Studies El resultado es deslumbrante No solo demuestran una gran capacidad organizativa sino que los resultados individuales de las aportaciones científicas son sobresalientes Este volumen *Current Trends in Anglophone Studies* recoge una selección revisada de las propuestas presentadas en el Encuentro y gira en torno a una estructuración tripartita clásica estudios culturales lingüísticos y literarios En ella caben todos aquellos que se mueven en el campo de los estudios anglofonos Cada uno de estos campos podría haber sido suficiente para celebrar un congreso pero parece razonable que en este tipo de encuentros tengan cabida todos De ese modo este volumen se convierte en un ejemplo de aproximación interdisciplinaria a los estudios anglofonos Desde un punto de vista cuantitativo los estudios culturales ocupan sin duda un espacio menor Sin embargo sobresale la variedad de temas tratados así como la internacionalización de los autores dentro de este apartado Estudiantes españoles e italianos acometen estudios relacionados con la música la pintura el cine la traducción la marginalidad social o el impacto de las nuevas tecnologías
