

Reflection of: Research Paper

Research paper assignment consider as a complete and detailed document of measuring quality assurance of a specific organization whether educational or private one. This assignment enable us to express our knowledge of the concepts, tools and methods that will used for measuring the quality of targeted institutions which is Mohammed bin Shikan School (1 - 0) of basic education circle two. This assignment is considered as a complementary for the previous one which is the quality assurance plan diagram. I started this assignment by stating the main goal and the related objectives of this research paper then, I have mention to targeted three main areas which is the personnel who are dealing with the learning resource centre of Mohammed bin Shikan School whether teachers or students, the content whether traditional or digital one and finally the environment of the learning resource centre and the different equipment and facilities that available at the centre. Also, for each of these areas I have created a special tools and methods that can help on collecting the needed data and presenting it in effective and understandable way. At the end we state the conclusion of the overall research paper in a term of strong, weak point and our recommendations which consider as a feedback of the all previous processes. In overall, this assignment -as mention above- enable us to express our knowledge of the concepts, tools and methods that we have studied and should apply it for measuring the quality of any educational or private institution. Also, it helps us to enhance our English writing and expressing our thoughts and ideas.

situations *Academic Writing for Military Personnel, revised edition* Adam Chapnick, Craig Stone, 2023-05-16 *Academic Writing for Military Personnel* is a manual for writing clear and effective academic prose. Authored by an experienced writing instructor and a retired military officer, both of whom teach in a professional military education institution, it is designed for members of the armed forces who are entering or perhaps re-entering the academic community and having spent much of their careers either writing in the professional military context or not writing at all. The book not only teaches officers how to write convincingly but also explains why a sound grasp of academic writing can enhance their effectiveness in their regular duties, particularly as they reach the more senior levels of service. Chapters focus on the value of written communication skills, the difference between professional staff and academic writing, the research process, the writing process, academic professionalism, and common writing problems and challenges. A particularly innovative final chapter discusses how officers can use the knowledge that they have acquired through their professional experiences in the academic context. Specific examples, chosen with a military audience in mind, are integrated throughout the text to provide the reader with relevant and practical guidance. The revised edition incorporates new examples from a more diverse set of authors, takes into account recent changes in communication technologies, and reflects new advancements in the scholarship of teaching and learning. As the only comprehensive guide to effective academic writing designed specifically for military personnel, this book will be a crucial addition to the libraries of junior and senior officers in militaries worldwide. Available formats: trade paperback, accessible PDF, and accessible ePub.

Academic Success in Online Programs Jacqueline S. Stephen, 2024-04-02 This book provides higher education students with a comprehensive resource to assist them in their academic persistence in an online course or program. It addresses a wide selection of topics, emphasizing a myriad of factors that impact a student's persistence and ultimate success in an online program or course. The book helps students to gain insight into the skills, knowledge, and attributes needed to succeed in the autonomous nature of an online learning environment. Thus, this book helps students to proactively engage in activities to prepare for online learning. Information presented in each chapter is drawn from theory and recent research centered on persistence of online students in higher education. It incorporates hands-on practical activities to promote application of theory and research and encourages students to demonstrate their knowledge, skills, and abilities through the use of reflective and thought-provoking activities. Hence, this book provides online students with an up-to-date resource they can use to develop an awareness of their readiness and preparedness for online learning. Additionally, this book equips students with information and strategies aimed at helping them to address gaps in their skills and knowledge that may present them with barriers to academic success. The content of this book is aligned with widely used student learning outcomes and objectives of first-year student seminar courses and orientation programs for graduate and undergraduate students enrolled in online programs.
