elements These elements replace the idea of a profession or class This new 52 card system is intuitive fun and simple to use Battles are quicker the skills and magic resolution follow the same basic rules and using the cards presents both an enjoyable amount of chance and strategy Instead of a purely random approach as in typical dice based RPG games Cards Quests adds an element of strategy by allowing the player some control over his/her ability to succeed The battle system and 8 elements together let characters have access to the most amount of skills and spells while keeping the game balanced You will find that low level and high level characters are exciting to play in this new RPG For Game Masters the easy and intuitive rules make for simple adventure creation You can challenge your story telling abilities as a Game Master while making a balanced game that all the players will enjoy
