societal needs new research into human learning and emergent understandings of how the world works Clearly it s difficult to offer advice that is appropriately responsive across this range of influence The collected chapters in this book manage to do that by discarding the popular habit of thinking about Physical Education in terms of opportunities to let off steam or otherwise satisfy the needs of an easily distracted body Rather the gendered acculturated complex body serves as the site of possibility thus framing hopeful rich and timely conceptions of learners learning and teaching

Research Methods in Physical Education and Youth Sport Kathleen Armour,Doune Macdonald,2012-03-15 This is the first research methods book to focus entirely on physical education and youth sport It guides the reader through the whole research process from the first steps to completion of a dissertation or practice based project and introduces key topics such as formulating a research questionqualitative approachesquantitative approachesmixed method researchliterature reviewcase studiessurvey interviews and focus groupsdata analysiswriting the dissertation Each chapter includes a

Reconceptualizing Physical Education through Teaching Games for Understanding Joy Butler,2012-08-08 By using Teaching Games for Understanding TGfU as a catalyst for thinking about ontological and epistemological issues in Physical Education the teachers researchers and authors of this book have become ambassadors for new ideas that challenge some of our entrenched educational values We are proud to be able to share some of their pioneering research which we believe will be of great interest to others in the field who are interested in constructivist student centred and holistic approaches to teaching and learning in games education

**Boys, Bodies, and Physical Education** Göran Gerdin,2017-01-12 Using visual ethnography this book explores the many forms of pleasures that boys derive in and through the spaces and their bodies in physical education Employing the works of Michel Foucault and Judith Butler Gerdin examines how pleasure is connected to identity schooling and power relations and demonstrates how discourses of sport fitness health and masculinity work together to produce a variety of pleasurable experiences At the same time the book provides a critique of such pleasurable experiences within physical education by illustrating how these pleasures can still for some boys quickly turn into displeasures and can be associated with exclusion humiliation bullying and homophobia Boys Bodies and Physical Education argues that pleasure can both be seen as an educational and productive practice in physical education but also a constraint that both engenders and privileges some boys over others as well as re producing narrow and limited conceptions of masculinity and pleasures for all boys This book works to problematize these pleasures and their articulations with gender bodies and spaces
