Rock Concert Instruction Manual:

The Private Music Instruction Manual Rebecca Osborn, 2004 Future and current independent private music educators will find this book an invaluable resource for establishing and maintaining a private music studio. Private music instructors will learn what they should expect professionally, personally, and financially from their independent music instruction business. Until now, no single resource has existed that fully explains how to run this type of business successfully. This book presents all aspects of private music instruction through an easy-to-read, concise, and engaging instructional format. Following the sound advice presented will help to greatly alleviate the problems that all beginning independent instructors face by specifically mapping out chronological steps for establishing and maintaining a private instruction music business. The field of private music education has been inundated by less than professional individuals who have made it difficult for legitimate, qualified instructors. The Private Music Instruction Manual shares years of information and experiences in the hope of legitimizing the field of private music instruction. In a world where there is decreasing priority and structure in public music education, private music instructors become increasingly important to prepare the next generation of musicians. No matter the size of your private music instruction business, the advice presented in The Private Music Instruction Manual will help to improve any private music business. From the Midwest Book Review: With The Private Music Instruction Manual: A Guide For The Independent Music Educator, author Rebecca Osborn draws upon her many years of experience and expertise as an adjunct college music professor and owner of three private music studios to write an informed and informative guidebook specifically for musicians and music instructors who want to teach students in a profitable private practice but are not familiar with or knowledgeable about setting up a music instruction business enterprise. Rebecca Osborne provides a wealth of invaluable, professional, effectively organized, and presented instructions on establishing and maintaining a music teaching business and shows what to expect professionally, personally, and financially from independent music instruction. If you want to make money teaching, other than how to play any kind of music instrument, then you need to give a careful and profitable reading to Rebecca Osborn's The Private Music Instruction Manual. Heart Room and Hyacinths Dori Jeanine Somers, 2012-02-24 Heart Room and Hyacinths A Wordsmith's Journal of Joy is author Dori Jeanine Somers's life story, an epic poem set in a world of change and a journey of chosen joys and myriad gifts. In this memoir, Somers shares her life story interspersed with poetry she has written over the years. She traces the history of herself and her family from her childhood to her grandchildren, recalling important events along the way and the wisdom she gained from them. None of the things she has learned along the way is new or startling. They are the truths she knew but didn't know she knew until she gave them form upon the page. These discoveries might be the same for anyone: something held in the heart, sometimes completely unnoticed. The thoughts written here serve as simple reminders of your own inner wisdom, glimmers of your own special light. Dive into that pool of light, warmed in the glow of the messages here, and make any words that brighten the day a part of an inner glow. **Publication**
