Nostromo Joseph Conrad,2017-04-24 Nostromo is the most anxiously meditated of the longer novels which belong to the period following upon the publication of the Typhoon volume of short stories I don t mean to say that I became then conscious of any impending change in my mentality and in my attitude towards the tasks of my writing life And perhaps there was never any change except in that mysterious extraneous thing which has nothing to do with the theories of art a subtle change in the nature of the inspiration a phenomenon for which I can not in any way be held responsible What however did cause me some concern was that after finishing the last story of the Typhoon volume it seemed somehow that there was nothing more in the world to write about

Solitude Versus Solidarity in the Novels of Joseph Conrad Ursula Lord,1998-04-17 Ursula Lord explores the

manifestations in narrative structure of epistemological relativism textual reflexivity and political inquiry specifically Conrad's critique of colonialism and imperialism and his concern for the relationship between self and society The tension between solitude and solidarity manifests itself as a soul divided against itself an individual torn between engagement and detachment idealism and cynicism a dramatized narrator who himself embodies the contradictions between radical individualism and social cohesion a society that professes the ideal of shared responsibility while isolating the individual guilty of betraying the illusion of cultural or professional solidarity Conrad's complexity and ambiguity his conflicting allegiances to the ideal of solidarity versus the terrible insight of unremitting solitude his grappling with the dilemma of private versus shared meaning are intrinsic to his political and philosophical thought The metanarrative focus of Conrad's texts intensifies rather than diminishes their philosophical and political concerns Formal experimentation and epistemological exploration inevitably entail ethical and social implications Lord relates these issues with intellectual rigour to the dialectic of individual liberty and collective responsibility that lies at the core of the modern moral and political debate

Nostromo Joseph Conrad, 1989-04
Book Jacket Status Not Jacketed Conrad's foresight and his ability to pluck the human adventure from complex historical circumstances were such that his greatest novel Nostromo though nearly one hundred years old says as much about today's Latin America as any of the finest recent accounts of that region's turbulent political life Insistently dramatic in its storytelling spectacular in its recreation of the subtropical landscape this picture of an insurrectionary society and the opportunities it provides for moral corruption gleams on every page with its author's dry undeceived impeccable intelligence

Nostromo Joseph Conrad, 2020-08-12 In the time of Spanish rule and for many years afterwards the town of Sulaco the luxuriant beauty of the orange gardens bears witness to its antiquity had never been commercially anything more important than a coasting port with a fairly large local trade in ox hides and indigo The clumsy deep sea galleons of the conquerors that needing a brisk gale to move at all would lie becalmed where your modern ship built on clipper lines forges ahead by the mere flapping of her sails had been barred out of Sulaco by the prevailing calms of its vast gulf Some harbours of the earth are made difficult of access by the treachery of sunken rocks and the tempests of their shores Sulaco had found an inviolable sanctuary from the temptations of a trading world in the solemn hush of the deep Golfo Placido as if within an enormous semi circular and unroofed temple open to the ocean with its walls of lofty mountains hung with the mourning draperies of cloud On one side of this broad curve in the straight seaboard of the Republic of Costaguana the last spur of the coast range forms an insignificant cape whose name is Punta Mala From the middle of the gulf the point of the land itself is not visible at all but the shoulder of a steep hill at the back can be made out faintly like a shadow on the sky
