

**Overwhelming problems led some to turn to a new form of government called totalitarianism.**

### **Characteristics of a Totalitarian State**

- Single-party dictatorship exerting control over all aspects of life
- Strong, charismatic leader often at head of government
- State control of the economy
- Use of police, spies, and terror to enforce the will of the state
- Government control of the media and use of propaganda to indoctrinate citizens
- Use of schools and youth organizations to spread ideology to children
- Strict censorship of artists, intellectuals, and political rivals with dissenting opinions

**McDougal Littell World History: Patterns of Interaction** McDougal Littell,1998-11      **Who Fights for Reputation**

Keren Yarhi-Milo,2018-09-11 How psychology explains why a leader is willing to use military force to protect or salvage reputation In *Who Fights for Reputation* Keren Yarhi Milo provides an original framework based on insights from psychology to explain why some political leaders are more willing to use military force to defend their reputation than others Rather than focusing on a leader's background beliefs bargaining skills or biases Yarhi Milo draws a systematic link between a trait called self monitoring and foreign policy behavior She examines self monitoring among national leaders and advisers and shows that while high self monitors modify their behavior strategically to cultivate image enhancing status low self monitors are less likely to change their behavior in response to reputation concerns Exploring self monitoring through case studies of foreign policy crises during the terms of U S presidents Carter Reagan and Clinton Yarhi Milo disproves the notion that hawks are always more likely than doves to fight for reputation Instead Yarhi Milo demonstrates that a decision maker's propensity for impression management is directly associated with the use of force to restore a reputation for resolve on the international stage *Who Fights for Reputation* offers a brand new understanding of the pivotal influence that psychological factors have on political leadership military engagement and the protection of public prestige      **The Greek Junta and the**

**International System** Antonis Klapsis,Constantine Arvanitopoulos,Evanthis Hatzivassiliou,Effie G. H. Pedaliu,2020-02-19

This book examines the international dimensions of the Greek military dictatorship of 1967 to 1974 and uses it as a case study to evaluate the major shifts occurring in the international system during a period of rapid change The policies of the major nation states in both East and West were determined by realistic Cold War considerations At the same time the Greek junta a profoundly anti modernist force failed to cope with an evolving international agenda and the movement towards international cooperation Denouncing it became a rallying point both for international organizations and for human rights activists and it enabled the EEC to underscore the notion that democracy was an integral characteristic of the European identity This volume is an original in depth study of an under researched subject and the multiple interactions of a complex era It is divided into three sections Part I deals with the interaction of the Colonels with state actors Part II deals with the responses of international organizations and the rising transnational human rights agenda for which the Greek junta became a totemic rallying point and Part III compares and contrasts the transitions to democracy in Southern Europe and analyses the different models of transition and region building and how they intersected with attempts to foster a European identity The Greek dictatorship may have been a parochial military regime but its rise and fall interacted with significant international trends and can therefore serve as a salient case study for promoting a better understanding of international and European trends during the 1960s and 1970s This book will be of much interest to students of Cold War studies international history foreign policy transatlantic relations and International Relations in general      *The American Journey* Joyce Oldham
