Christology and Atonement Guus H. Labooy, 2024-02-15 This scholastic study in analytical theology presupposes Conciliar Christology and aims at a more profound understanding of two vital and connected Christian doctrines Christology and atonement The beating heart of the first part is Duns Scotus's compelling analysis of the incarnation his uniquely successful analysis of the hypostatic union Following Marilyn McCord Adams Guus H Labooy argues that the problem of Christological predication can be solved by probing the metaphysical backbone of qua propositions expressions like as regards his Godhead and as regards his manhood Labooy

dedicates the second part of the book to the analysis of atonement especially to its most controversial aspect penal substitution The Messiah dying for our sins is perhaps the storm centre of the confrontation between Christian faith and the secular intellectual mindset Labooy argues on exegetical grounds that all the current models of atonement are complementary None of them should be discarded and neither should penal substitution The account of penal substitution or vicarious penance he defends is shaped with the decisive aid of Scotus's analytical tools

Olsen, 2015 In *Reading Matthew with Monks* Derek Olsen seeks to evaluate whether early medieval monastic biblical interpreters can serve as effective conversation partners for modern readers who are committed to broadening their reading of Scripture Olsen puts the interpretations of four modern Scripture commentaries in conversation with Irfan of Eynsham's medieval monastic interpretations of four texts from the Gospel of Matthew In so doing he clarifies early medieval interpretive contexts and assesses their usefulness in modern scholarship As outsiders in modern critical debates Irfan and his sources may provide alternative approaches or perspectives that open interpretive possibilities where modern interpreters are locked in disagreement Early medieval monastic interpreters can serve as excellent guides for understanding the potential for moral spiritual or formative meanings of a biblical text They can help modern readers who are attempting to conform their lives to the biblical text

Dylan Thomas Rushworth M. Kidder,2015-03-08 Since the Bible appears so frequently in Dylan Thomas work some critics have decided that he must be a religious poet Others noting blasphemous statements and certain irreligious aspects of Thomas personal life contend that he was no such thing Rushworth M Kidder investigating this problem looks below the surface of the obviously religious imagery and discovers a more profound poetry The first part of this book discusses the nature of religious poetry and the application of that term to Thomas work it then develops the necessary background based on his letters and prose comments to provide a foundation for the study and finally it examines the relationship between the religious aspects of his poetry and his well known ambiguity The author re defines the vocabulary for dealing with religious imagery by establishing three distinct categories of imagery referential allusive and thematic This original technique is used to examine critically Thomas poems to show the development of his religious and poetic thought There are numerous close sensitive readings of individual poems to show how his poetry like the Bible teaches by parable speaking deliberate ambiguity rather than simple dogma This strategy inspired poetry that is technically complex but thematically simple a mode of verse that became more explicitly religious in the poet s final years Originally published in 1973 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Baptist Women's Writings in Revolutionary Culture, 1640-1680 Dr Rachel Adcock,2015-06-28 Baptist Women s Writings in Revolutionary Culture 1640 1680 explores how female Baptists played a crucial role in the group s formation and growth during the 1640s and 50s by contributing to Baptist theology and

politics and evangelising their followers Adcock considers and analyses writings by little studied Baptist as well as separatist women writers to challenge the assumption that because Baptist women were prevented from speaking in individual congregations they were not able to write with authority John of the Golden Mouth Walter Macgilvray D.D., Aeterna Press, 2015-06-30 THE great Teacher sent from God came expressly to be the pastor of the poor As He rose from them and lived amongst them so it was to them in particular that He laid open the lessons of His kingdom These lessons related to the common salvation and were therefore first unfolded to the common people Our Lord Himself tells us that His ministry was specially designed for them that He was anointed or ordained to preach the gospel to the poor or in other words that He came to look after the sheep who had no shepherd He accordingly cites this circumstance as the crowning proof of His divine mission greater even than the greatest of His miracles Aeterna Press *After the Invasion* Keith Bodner, 2015 In the wake of the Babylonian destruction of Jerusalem and the displacement of exile there is a unique story that is told about the remnant left behind after the invasion The narrative of Jeremiah 40 44 unfolds the challenges and crises of this community who remain in Judah as they negotiate their survival following the catastrophe of Jerusalem's fall After the Invasion shares the often overlooked but compelling story that emerges from the five later chapters of Jeremiah Keith Bodner expertly reveals the assortment of personalities geographic locations shifts in point of view temporal compression and layers of irony Primary focused on the narrative design of this text Professor Bodner proves that these chapters form a creative and sophisticated narrative that make a rich though perhaps underestimated contribution to the book of Jeremiah as a whole Preaching in the Light of the Word Michael E. Connors, csc, 2024-04-01 We come to know God through His story through His wonderful works in the history of salvation Sacrosanctum concilium 35 2 Effective preachers do more than retell this story they make informed imaginative connections that help contemporary listeners engage with these ancient texts In Preaching the Light of the Word Enlivening the Scriptural Imagination scholars and experienced preachers share their wisdom on how Scripture shapes and inspires preaching Featuring contributions from Fr J Michael Joncas Rita Ferrone Fr Donald Senior cp Ann Garrido Thomas Long Sr M Catherine Hilkert op Fr Jude Siciliano op and Michael E Connors csc this imaginative collection of essays will challenge the reader to discover How preachers are to understand revelation and the divine inspiration of the scriptural texts Sound approaches to biblical interpretation How to bridge the chasm of years to find meaning for today in these ancient texts An understanding of scripturally based preaching How the biblical text informs and inspires preaching and can lead the assembly into a deeper relationship with God **Challenges of Pharmacoeconomics in Global Health Arena** Mihajlo (Michael) Jakovljevic, Nick Verhaeghe, Kyriakos Souliotis, 2019-03-01 The pace of globalization has significantly accelerated since the end of the Cold War Era in 1989 These changes profoundly affected health care systems worldwide Health policy makers increasingly started facing new harsh challenges in their uneasy task to provide universal health coverage and decent equity of access to medical services Among the most prominent demand side issues are extended

longevity joined with population aging rise of non communicable diseases and growing patient expectations Supply side causes are gains in societal welfare and living standards technological innovation in medicine and continuing rapid urbanization in developing world regions Successful insurance based risk sharing agreements made drug dispensing and medical service provision cheap or virtually free at the point of consumption in most OECD and many middle income countries Coupled with massive build up of workforce capacities and strengthening of primary care and hospital networks all these factors contributed to the supplier induced demand phenomenon There is straightforward historical evidence of long term growth in pharmaceutical and overall health spending both in absolute and GDP% terms worldwide The accumulated constraints deriving from skyrocketing costs of care were felt in many areas of clinical medicine even among the richest societies Cardinal examples of expensive and hardly affordable therapeutic areas are orphan drugs indicated to treat rare diseases and targeted biologicals used in autoimmune disorders and cancer Last but not least is troubled and frequently denied access to even essential generic pharmaceuticals still taking place in many nations This appears to be particularly the case among the world s poor and under served citizens residing in rural and suburban areas of low and middle income countries To a large extent these difficulties are worsened by lack of evidence based resource allocation strategies and less sustainable financing strategies
