Katrina Gary Rivlin, 2015-08-11 Ten years in the making Gary Rivlin's Katrina is a gem of a book well reported deftly written tightly focused a starting point for anyone interested in how The City That Care Forgot develops in its second decade of recovery St Louis Post Dispatch On August 29 2005 Hurricane Katrina made landfall in southeast Louisiana A decade later journalist Gary Rivlin traces the storm's immediate damage the city of New Orleans's efforts to rebuild itself and the storm's lasting effects not just on the area's geography and infrastructure but on the psychic racial and social fabric of one of this nation's great cities Much of New Orleans still sat under water the first time Gary Rivlin glimpsed the city after Hurricane Katrina as a staff reporter for The New York Times Four out of every five houses had been flooded The deluge had drowned almost every power substation and rendered unusable most of the city's water and sewer system Six weeks after the storm the city laid off half its workforce precisely when so many people were turning to its government for help Meanwhile cynics both in and out of the Beltway were questioning the use of taxpayer dollars to rebuild a city that sat mostly below sea level How could the city possibly come back Deeply engrossing well written and packed with revealing stories Rivlin's exquisitely detailed narrative captures the anger fatigue and ambiguity of life during the recovery the centrality of race at every step along the way and the generosity of many from elsewhere in the country Kirkus Reviews starred review Katrina tells the stories of New Orleanians of all stripes as they confront the aftermath of one of the great tragedies of our age This is one of the must reads of the season The New Orleans Advocate **Life in the Wake** Joe Longo, Jarret Lofstead, 2007 Why New Orleans Matters Tom Piazza, 2015-08-25 Tom Piazza's award winning portrait of a city in crisis with a new preface from the author ten years after Ten years ago in the aftermath of Hurricane Katrina and the disaster that followed promises were made forgotten and renewed What would become of New Orleans in the years ahead How would this city and its people recover and what meaning would its story have for America and the world In Why New Orleans Matters first published only months after the disaster award winning author and longtime New Orleans resident Tom Piazza illuminates the storied culture and still evolving future of this great and vital American metropolis Piazza evokes the sensuous textures of the city that gave us jazz music Creole cooking and a unique style of living he examines the city's undercurrents of corruption and racism and explains how its people endure and transcend them And perhaps most important he bears witness to the city's spirit its grace and beauty resilience and soul In the preface to this new edition Piazza considers how far the city has come in the decade since Katrina as well as the challenges it still faces and reminds us that people in threatened communities across America have much to learn from New Orleans disaster and astonishing recovery Do Not Open Katheryn Krotzer Laborde, 2014-01-10 When the floodwaters that swamped New Orleans finally receded in September 2005 the post Hurricane Katrina recovery began One of the most common sights was the discarded home refrigerator perched on the curb and ready for disposal For months thousands upon thousands of ruined refrigerators still awaited pick up Many had messages scribbled

with markers or blurted with spray paint rendered by owners and passersby alike ranging from practical to sentimental the angry to the darkly humorous This book featuring hundreds of black and white photographs presents the communiques that transformed appliances into message boards and explores the post disaster environment that inspired their creation **A Season of Night** Ian McNulty, 2009-10-20 For many months after Hurricane Katrina life in New Orleans meant negotiating streets strewn with debris and patrolled by the United States Army Most of the city was without power Emptied and ruined houses businesses schools and churches stretched for miles through once thriving neighborhoods Almost immediately however die hard New Orleanians began a homeward journey A travelogue through this surreal landscape A Season of Night New Orleans Life after Katrina offers a deeply intimate firsthand account of that homecoming After the floodwaters drained author Ian McNulty returned to live on the second floor of his wrecked house without electricity or neighbors For months his sanity was writing this book on a laptop by candlelight By turns haunting inspiring and darkly comic this memoir offers a behind the headlines story of resilience and renewal From bittersweet camaraderie in the wreckage to depression and violent rampages in the lawless night to the first flickers of cultural revival and the explosive joy of a post Katrina Mardi Gras A Season of Night delivers an unprecedented tale from the wounded but always enthralling Crescent City Learn more about the book and its author at <http://www.seasonofnight.com> **Wading Home** Rosalyn Story, 2010-10-01 The Essence bestselling author of More Than You Know has crafted a post Katrina New Orleans from a fume cloud of sad jazz and Creole spices Publishers Weekly When Hurricane Katrina hits New Orleans chef and widower Simon Fortier knows how he plans to face the storm riding it out inside his long time home in the city's Treme neighborhood just as he has through so many storms before But when the levees break and the city is torn apart Simon disappears His son Julian a celebrated jazz trumpeter rushes home to a New Orleans he left years before to search for his father As Julian crisscrosses the city fearing the worst he reconnects with Sylvia Simon's companion of many years Parmenter his father's erstwhile business partner and one of the most successful restaurateurs in New Orleans and Velmyra the woman Julian left behind when he moved to New York Julian's search for Simon deepens as he finds himself drawn into the troubled history of Silver Creek the extravagantly beautiful piece of land where his father grew up and closer once again to Velmyra As he tries to come to grips with his father's likely fate Julian slowly gains a deeper richer understanding of his father and the city he loved so much while unraveling the mysteries of Silver Creek Story's musical background infuses her novel with a lyrical rhythm as engaging characters rebuild their relationships and their city moving if heart wrenching Kirkus Reviews **Drowned City: Hurricane Katrina & New Orleans**, **HBO's Treme and Post-Katrina Catharsis** Dominique Gendrin, Catherine Dessinges, Shearon Roberts, 2017-04-07 Ten years after Hurricane Katrina outsiders will have two versions of the Katrina experience One version will be the images they recall from news coverage of the aftermath The other will be the intimate portrayal of the determination of New Orleans residents to rebuild and recover their lives HBO's Treme offers outsiders an inside look into

why New Orleanians refused to abandon a place that many questioned should not be rebuilt after the levees failed This critically acclaimed series expanded the boundaries of television making in its format plot casting use of music and realism in fictionalized TV However Treme is not just a story for the outside gaze on New Orleans It was a very local collaborative experience where the show s creators sought to enlist the city in a commemorative project Treme allowed many in the city who worked as principals extras and who tuned in as avid viewers to heal from the devastation of the disaster as they experimented with art imitating life imitating art This book examines the impact of HBO s Treme not just as television making but in the sense in which television provides a window to our worlds The book pulls together scholarship in media communications gender area studies political economy critical studies African American studies and music to explain why Treme was not just about television

Drowned City Don Brown, 2015 Sibert Honor Medalist Kirkus Best of 2015 list School Library Journal Best of 2015 Publishers Weekly s Best of 2015 list Horn Book Fanfare Book Booklist Editor s Choice On August 29 2005 Hurricane Katrina s monstrous winds and surging water overwhelmed the protective levees around low lying New Orleans Louisiana Eighty percent of the city flooded in some places under twenty feet of water Property damages across the Gulf Coast topped 100 billion One thousand eight hundred and thirty three people lost their lives The riveting tale of this historic storm and the drowning of an American city is one of selflessness heroism and courage and also of incompetence racism and criminality Don Brown s kinetic art and as it happens narrative capture both the tragedy and triumph of one of the worst natural disasters in American history A portion of the proceeds from this book has been donated to Habitat for Humanity New Orleans

Markets of Sorrow, Labors of Faith Vincanne Adams, 2013-03-04 Markets of Sorrow Labors of Faith is an ethnographic account of long term recovery in post Katrina New Orleans It is also a sobering exploration of the privatization of vital social services under market driven governance In the wake of Hurricane Katrina public agencies subcontracted disaster relief to private companies that turned the humanitarian work of recovery into lucrative business These enterprises profited from the very suffering that they failed to ameliorate producing a second order disaster that exacerbated inequalities based on race and class and leaving residents to rebuild almost entirely on their own Filled with the often desperate voices of residents who returned to New Orleans Markets of Sorrow Labors of Faith describes the human toll of disaster capitalism and the affect economy it has produced While for profit companies delayed delivery of federal resources to returning residents faith based and nonprofit groups stepped in to rebuild compelled by the moral pull of charity and the emotional rewards of volunteer labor Adams traces the success of charity efforts even while noting an irony of neoliberalism which encourages the very same for profit companies to exploit these charities as another market opportunity In so doing the companies profit not once but twice on disaster
