Newmar Ventana Manual:

California by RV Jan Young, Missouri and Maine by RV Jan Young, 2009-11-27 I traveled extensively when I was working but like many road warriors never got to see anything but airports and conference rooms So after I retired my wife and I bought a motor home and began a series of extensive trips This book recounts our 2009 travels a short one month trip through central Missouri and a much longer trip through New York and New England and down the east coast to Washington DC with special emphasis on Maine It tells of the sights we saw and the surprises we found both positive and negative It includes several tales of the road and describes some mistakes we made and things we wish we had done better The book provides maps that show where we went and includes over 160 full color photos of our journey It discusses the preparations we made and discloses not only our budget for the trip but the amounts we actually spent And at the back it lists the places we went and the campgrounds we used together with available addresses phone numbers websites and geo coordinates
