Stephen Ward, Christine Eden

Nhs Clerical Assistant Numeracy And Literacy Tests:

Introduction to Vocational Rehabilitation Clive Langman, 2012-02-20 This text provides an overview of vocational rehabilitation VR practice making it the perfect companion for students and practitioners with an interest in supporting people back to work and improving their sense of health and well being The book is divided into three parts the first covers the policy context of VR in the UK defining VR outlining the development of national standards in the sector and looking at issues such as the economy and worklessness and the legal background The second part examines models of VR practice and relevant standards It explores the nature of developing services in the public and private sectors illustrated by case studies from a range of disciplinary backgrounds The final part presents a detailed introduction to the knowledge and skills required in providing a VR service including consideration of the multidisciplinary processes and stages involved Introduction to Vocational Rehabilitation includes numerous case studies and a dedicated chapter of issues and questions to aid reflection Comprehensive and evidence based this is the first multidisciplinary textbook for students and practitioners from a range of backgrounds including occupational therapy and health physiotherapy human resources nursing social work and health psychology

Key Issues in Education Policy Stephen Ward, Christine Eden, 2009-06-25 Ward and Eden have produced a useful and elegant text which deserves a place on the reading list of any education degree I certainly hope that its readership goes beyond the most obvious target audience as anyone involved in education would do well to read and enjoy this text ESCalate Education Policy is increasingly complex and opaque this timely book brings clarity and reason to bear and is an ideal starting point for students and teachers struggling to understand the political world in which they work Professor Stephen J Ball Institute of Education University of London What effect has two decades of intensive state direction and government involvement had on education Designed for Education Studies students who have probably grown up in this context of government intervention this book deconstructs accepted notions and provides readers with the resources to discuss critically the role of the governments in education and schooling The book examines government policy in a series of key areas such as the curriculum market forces educational inequality and race issues Throughout it considers the political and economic factors in education policy introducing some of the fundamental concepts required to analyse the ideologies of education and the state The authors explore the role of education policy in the context of the general direction of government policy politics and the economy making links with other policy areas such as health social services home affairs and foreign policy They also explain the nature of government policy in terms of a globalization and the knowledge economy

British Society Since 1945 Arthur Marwick, 2003-02-27 High and popular culture family race gender and class relations sexual attitudes and material conditions science and technology the diversity of social developments in Britain from 1945 to 2002 are thoroughly explored in this new edition of a classic text Something of a tour de force Without serious distortion or omission he moves dexterously through a wide variety of sources ranging from poetry through film and novels to opinion
