Perfectly Seduced English Edition:

Women, Seduction, and Betrayal in Biblical Narrative Alice Bach, 1997-08-28 This accessible readable book looks at the cultural study of the Bible challenging the traditional mode of reading the women in the Bible Alice Bach applies literary theory cultural representations of biblical figures films and paintings to a close reading of a group of biblical texts revolving around the wicked literary figures in the Bible She compares the biblical character of the wife of Potiphar with the Second Temple Period narratives and rabbinic midrashim that expand her story She then reads Bathsheba against a Yiddish novel by David Pinski and finally looks at the Biblical Salome against a very different Salome created by Oscar Wilde and the selection of Salomes created by Hollywood Bach argues that biblical characters have a life in the mind of the reader independent of the stories in which they were created thus making the reader the site at which the texts and the cultures that produced them come together

Round Table, 1867 The Politics of the Revised Version Alan Cadwallader, 2018-12-13 Alan Cadwallader explores the intricate tensions and conflicts that infused the work of revision of the Authorised Version of the Bible between 1870 and 1885 The Promethean aspirations of the venture actually generated one of the most bitter instances of the political manoeuvres involved in the translation of a sacred book Cadwallader reveals how the public avowal of unity and fraternal harmony that accompanied the public release and marketing of the New Testament revision in 1881 and the Old Testament revision in 1885 masks fraught historical realities that threatened the realization of the project from the beginning Through a thorough examination of private correspondence notebooks kept by various members of the New Testament Revision Companies in England and the United States and other previously unstudied primary sources Cadwallader examines and presents the complexities of the political situation surrounding the translation He exposes the

competing interests of an imperial sovereign nation and a seriously divided Established Church floundering over its continued relevance the ambitions and significance of Nonconformity in a nation's highly contested religious environment the agonistic conflicts that erupted from assertions of national and international prestige and responsibilities and the ultimate control exercised by publishing houses that fundamentally flawed the process of revision and the public acceptance of the final product *The Round Table* ,1867 **The Law Magazine and Review** ,1874 Law magazine and review ,1874
