

The background of the book cover is an abstract painting. The upper half is a vibrant, textured red, while the lower half is a deep, dark blue. A horizontal band of lighter blue and white brushstrokes separates the two main color fields, suggesting a horizon or a body of water reflecting light. The overall texture is painterly and expressive.

## **Russian History A Very Short Introduction:**

**Russian History** Geoffrey Hosking, 2012-03-29 Spanning the divide between Europe and Asia Russia is a multi ethnic empire with a huge territory strategically placed and abundantly provided with natural resources But Russia s territory has a harsh climate is cut off from most maritime contact with the outside world and has open and vulnerable land frontiers It has therefore had to devote much of its wealth to the armed forces and the sheer size of the empire has made it difficult to mobilise resources and to govern effectively especially given the diversity of its people In this Very Short Introduction Geoffrey Hosking discusses all aspects of Russian history from the struggle by the state to control society the transformation of the empire into a multi ethnic empire Russia s relationship with the West Europe the Soviet experience and the post Soviet era ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

**The Russian Revolution** S. A. Smith, 2002-02-21 This Very Short Introduction provides an analytical narrative of the main events and developments in Soviet Russia between 1917 and 1936 It examines the impact of the revolution on society as a whole on different classes ethnic groups the army men and women youth Its central concern is to understand how one structure of domination was replaced by another The book registers the primacy of politics but situates political developments firmly in the context of massive economic social and cultural change Since the fall of Communism there has been much reflection on the significance of the Russian Revolution The book rejects the currently influential liberal interpretation of the revolution in favour of one that sees it as rooted in the contradictions of a backward society which sought modernization and enlightenment and ended in political tyranny ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

**Russian History: A Very Short Introduction** Geoffrey Hosking, 2012-03-29 Geoffrey Hosking discusses all aspects of Russian history from the struggle by the state to control society Russia s relationship with the West Europe the Soviet experience and the post Soviet era

**The History of Mathematics: A Very Short Introduction** Jacqueline Stedall, 2012-02-23 In this Very Short Introduction Jacqueline Stedall explores the rich historical and cultural diversity of mathematical endeavour from the distant past to the present day using illustrative case studies drawn from a range of times and places including early imperial China the medieval Islamic world and nineteenth century Britain

**The Russian Economy: A Very Short Introduction** Richard Connolly, 2020-07-23 Russia today is as prominent in international affairs as it was at the height of the Cold War Yet the role that the economy plays in supporting Russia s position as a great power on the international stage is poorly understood For many Russia s political

influence far exceeds its weight in the global economy However Russia is one of the largest economies in the world it is not only one of the world s most important exporters of oil and gas but also of other natural resources such as diamonds and gold Its status as one of the largest wheat and grain exporters shapes commodity prices across the globe while Russia s enormous arms industry second only to the United States provides it with the means to pursue an increasingly assertive foreign policy All this means that Russia s economy is crucial in serving the country s political objectives both within Russia and across the world Russia today has a distinctly political type of economy that is neither the planned economy of the Soviet era nor a market based economy of the Euro Atlantic variety Instead its economic system is characterised by a unique blend of state and market control and freedom and natural resources alongside human ingenuity The Russian Economy A Very Short Introduction introduces readers to the dimensions of the Russian economy that are often ignored by the media and public figures or exaggerated and misunderstood In doing so it shows how Russia s economy is one of global significance and helps explain why many of Russia s enduring features such as the heavy hand of the state and the emphasis on military industrial production have persisted despite the immense changes that took place after the disintegration of the Soviet Union in 1991 ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

*The Russian Revolution: A Very Short Introduction* S. A. Smith,2002-02-21 This introduction to the Russian Revolution provides a narrative of the main developments between 1917 and 1936 It sees the process as the result of a backward society which sought modernisation and ended in political tyranny

**African History: A Very Short Introduction** John Parker,Richard Rathbone,2007-03-22 Essential reading for anyone interested in the African continent and the diversity of human history this Very Short Introduction looks at Africa s past and reflects on the changing ways it has been imagined and represented Key themes in current thinking about Africa s history are illustrated with a range of fascinating historical examples drawn from over 5 millennia across this vast continent ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Russia: A History Derek B. Lange,2018-08-01 Here in this compelling book historian Derek B Lange uses the Kremlin as the focal point for a sweeping panoramic history of Russia and the men and women who made it the nation that it is today among them Ivan the Terrible Peter the Great Catherine the Great and Nicholas Romanov

An Introduction to Russian History Robert Auty,Dimitri Obolensky,1976

**The Routledge History of the First World War** Paul R. Bartrop,2024-08-27 The Routledge History of the First World War is a work which in a single volume covers a range of major themes and issues relating to that conflict Providing a

comprehensive but readily accessible reference work examining the First World War in accordance with a broad range of themes this book presents the many ways in which study of the First World War can take place and introduces readers to new areas of research often untouched in other studies of the war With a scholarly Introduction and 60 chapters by specialist authors who come from 14 different countries across four continents the book is also intended to open lines of further inquiry from its solid base of academic knowledge The volume demonstrates the war s global and total nature examining the conflict in all major theatres and through the lens of the key combatants and neutrals It also fully engages with issues of race gender ideology and society during the war This book will appeal to students of all levels scholars and general readers alike interested in the First World War from several different perspectives and research areas The 60 chapters cover topics from numerous angles and provide detailed information about all aspects relating to the First World War     **Nikolai Gretsche's**

**Travel Letters: Volume 3 - Letters from Germany** Nikolai Gretsche, 2021-09-14 Nikolai Gretsche s Travel Letters is a fully translated English edition of a three volume account published by Nikolai Gretsche 1787 1867 in St Petersburg in 1839 In the original Russian Gretsche describes his travels in post Napoleonic England France and Germany in 1837 at the behest of the Russian Empire His official task was to examine educational systems but as he travelled he also noticed the cultural norms in his surroundings the history of each country and the personal experiences of the people he met On his return home Gretsche assembled his entertaining and often humorous personal observations into the edition that forms the basis for the present translation His astute observations provide a rich contemporary resource for information about the countries he visited especially given his status as an outsider Additionally as a result of his government position Gretsche was able to move in social circles that would have been closed to many other people In England he once found himself in the same room with Princess the future Queen Victoria and in France he dined with Victor Hugo Gretsche s observations offer a treasure trove of contextual information that will be valuable to anyone interested in cultural interactions during the nineteenth century     **A**

**Study Guide for Anton Chekhov's "The Looking-Glass"** Gale, Cengage Learning, A Study Guide for Anton Chekhov s The Looking Glass excerpted from Gale s acclaimed Short Stories for Students This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust Short Stories for Students for all of your research needs     **A Short History of the Russian**

**Revolution** Geoffrey Swain, 2022-01-27 The 1917 Revolution sent shockwaves throughout the globe setting a chain of events in motion that would change the entire course of the 20th century With the overthrow of the Romanov Dynasty Russia was plunged into the political unknown and from the crucible of social unrest ideological conflict and violent civil war the world s first communist state was forged In this revised edition Geoffrey Swain provides an incisive overview of one of the most complex and turbulent periods in modern history tracing key moments from the abdication of Tsar Nicolas II to the Bolshevik seizure of power A leading authority on Russia and Eastern Europe Geoffrey Swain highlights the important legacies of 1905

demonstrating how early revolutionary ambitions among the masses culminated in the events of 1917 Challenging conventions in Soviet scholarship this revised edition shows that the Bolshevik concepts of discipline and ideology that had mobilised the revolution set an unnecessary course towards dictatorship and terror Covering new historiography in the field this revised edition places a renewed emphasis on the social and cultural upheaval experienced in Russia amid the nation's political turmoil

**The History of Oxford University Press** Ian Anders Gadd, Simon Eliot, Keith Robbins, William Roger Louis, 2013 The history of Oxford University Press spans five centuries of printing and publishing This fourth volume explores the Press's modern history as an unsubsidized business with significant educational and cultural responsibilities and how it maintained these through economic turbulence political upheaval and rapid technological innovation

The History of Oxford University Press: Volume IV Keith Robbins, 2017-05-19 The story of Oxford University Press spans five centuries of printing and publishing Beginning with the first presses set up in Oxford in the fifteenth century and the later establishment of a university printing house it leads through the publication of bibles scholarly works and the Oxford English Dictionary to a twentieth century expansion that created the largest university press in the world playing a part in research education and language learning in more than 50 countries With access to extensive archives the four volume History of OUP traces the impact of long term changes in printing technology and the business of publishing It also considers the effects of wider trends in education reading and scholarship in international trade and the spreading influence of the English language and in cultural and social history both in Oxford and through its presence around the world In the decades after 1970 Oxford University Press met new challenges but also a period of unprecedented growth In this concluding volume Keith Robbins and 21 expert contributors assess OUP's changing structure its academic mission and its business operations through years of economic turbulence and continuous technological change The Press repositioned itself after 1970 it brought its London Business to Oxford closed its Printing House and rapidly developed new publishing for English language teaching in regions far beyond its traditional markets Yet in an increasingly competitive worldwide industry OUP remained the department of a major British university sharing its commitment to excellence in scholarship and education The resulting opportunities and sometimes tensions are traced here through detailed consideration of OUP's business decisions the vast range of its publications and the dynamic role of its overseas offices Concluding in 2004 with new forms of digital publishing The History of OUP sheds new light on the cultural educational and business life of the English speaking world in the late twentieth century

*The History of Life: A Very Short Introduction* Michael J. Benton, 2008-11-27 This Very Short Introduction presents a succinct and accessible guide to the key episodes in the story of life on earth from the very origins of life four million years ago to the extraordinary diversity of species around the globe today

*Writing Russia* Melissa-Ellen Dowling, 2021-07-18 Writing Russia offers the first systematic analysis of Anglophone national histories of Russia By deconstructing preeminent historical works on the history of Russia this book provides insight into the hidden ideological underpinnings of the texts and their representations of Russia in the West It demonstrates that historians employ a range of literary techniques to smooth over contradictions in their narratives of Russia generating a seemingly cohesive depiction of Russia as a liminal Other nation This is a process that this book theorises as discordus representing an original conceptual framework for examining national history texts It identifies patterns in the language and emplotment of Anglophone Russian histories across several defining historical epochs from the Mongol conquests to the Putin presidency revealing the extent to which historians wield the narrative power to make or break nations Postmodern in approach the work pushes the boundaries of historiography and calls into question the nature of history

**Understanding World Christianity** Alexander S. Agadjanian, Scott M. Kenworthy, 2021-01-19 Understanding World Christianity Russia is a broad examination of Christianity especially Orthodox Christianity in modern Russia The Russian Orthodox Church is currently playing a very prominent role in Russian society and politics and it is not possible to fully understand Russia today without it The role of Russian Orthodoxy today is a dramatic reversal from the suppression it suffered for most of the 20th century under the Soviet regime Based upon a wealth of recent research in multiple fields this book examines the complexity of contemporary Russian Orthodoxy within a historical context It first introduces the reader to what is distinctive about Orthodox Christianity in general and Russian Orthodoxy in particular then provides an overview of the history of Christianity in Russia its various regional expressions the experience of representative individuals during the 20th century an examination of modern Russian theology and ends with an analysis of the post Soviet relationship of religion politics and society It is an ideal introduction for students and non specialists interested in Global Christianity Orthodox Christianity Russian Studies and any others who wish to know how Christianity influences and is influenced by the Russian context

*Hammer and Anvil* Pamela Kyle Crossley, 2019-02-28 This groundbreaking book examines the role of rulers with nomadic roots in transforming the great societies of Eurasia especially from the thirteenth to sixteenth centuries Distinguished historian Pamela Kyle Crossley drawing on the long history of nomadic confrontation with Eurasia s densely populated civilizations argues that the distinctive changes we associate with modernity were founded on vernacular literature and arts rising literacy mercantile and financial economies religious dissidence independent learning and self legitimating rulership Crossley finds that political traditions of Central Asia insulated rulers from established religious

authority and promoted the objectification of cultural identities marked by language and faith which created a mutual encouragement of cultural and political change As religious and social hierarchies weakened political centralization and militarization advanced But in the spheres of religion and philosophy iconoclasm enjoyed a new life The changes cumulatively defined a threshold of the modern world beyond which lay early nationalism imperialism and the novel divisions of Eurasia into East and West Synthesizing new interpretive approaches and grand themes of world history from 1000 to 1500 Crossley reveals the unique importance of Turkic and Mongol regimes in shaping Eurasia s economic technological and political evolution toward our modern world
