New Testament Commentary 7 Corinthians A New Testament Commentary:

Latinx Perspectives on the New Testament Leticia A. Guardiola-Sáenz, Osvaldo D. Vena, 2022-03-17 Going against the false perception that all Latinx views on the Bible are homogeneous the contributors in this book use different hermeneutic perspectives to interpret the New Testament Each chapter examines one of the twenty seven documents thematically instead of following the traditional verse by verse commentary format *Fresh Perspectives on St John Chrysostom as an Exegete*, 2025-01-27 This volume delves into the multifaceted world of Chrysostom shedding light on his pivotal role as an exegete It explores his cultural background his preferred themes and his enduring influence It introduces the reader to Chrysostom s exegetical workshop his predecessors and successors in biblical interpretation and offers a fresh assessment of his connection to Greco Roman and Syriac contexts **Engaging the New Testament** Miguel G. Echevarría, 2024-04-16 Many introductions to the New Testament focus on historical critical issues with only cursory discussions of the text In *Engaging the New Testament* Miguel Echevarría overviews the New Testament writings in their canonical order showing how each book has a purposeful function within the larger context of Scripture He provides streamlined and accessible background discussions related to the New Testament writings to enable students to focus on interpretive issues The book is informed by the latest scholarship yet accessible to those with no prior theological education This concise introduction to the New Testament is well suited to one semester survey courses It addresses the needs and questions of students in multicultural classrooms who are studying for ministry Sidebars encourage readers to think about applying the Bible to various ministry contexts such as the pastorate missions and counseling **A Thematic Access-Oriented Bibliography of Jesus's Resurrection** Michael J. Alter, 2019-12-31 The keystone of Christianity is Jesus s physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented Bibliography of Jesus s Resurrection addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e g Christian Jewish Muslim etc agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease *The Cradle, the Cross, and the Crown* Andreas J. Köstenberger, L. Scott Kellum, Charles L Quarles, 2009-08-01 Although Scripture cannot be reduced to a mere piece of human

writing there is much to gain by paying careful attention to the historical literary and theological dimensions of the biblical text For this reason *The Cradle the Cross and the Crown* is offered to the serious New Testament student who seeks to better understand and share God's word of truth 2 Timothy 2:15 Across nearly one thousand pages it thoroughly introduces all twenty seven New Testament books and closely examines Christ's incarnation and virgin birth the heart of His ministry shown so vividly in the Gospels Passion Narratives and the triumphant return of Jesus and our eternal reign with Him as depicted in Revelation Simply an outstanding work Its up to date research alone makes *The Cradle the Cross and the Crown* an invaluable resource Add to this its comprehensive survey of the crucial issues related to New Testament studies and you have a textbook well suited for the college or seminary classroom Daniel L Akin president Southeastern Baptist Theological Seminary Wake Forest NC Among the finest such studies of recent decades in classic matters of New Testament introduction What sets it apart includes 1 attention to theology and the history of interpretation 2 extended presentation of the history of New Testament times and the rise of the canon 3 appropriate rigor 4 frequently creative layout features and 5 conceptual clarity Beyond an impressive digest of scholarship it is an appeal to faithful appropriation of the New Testament's message Robert W Yarbrough professor of New Testament and department chair Trinity Evangelical Divinity School Deerfield IL Clear thorough up to date and engaging all the contemporary alternatives people are putting forward discerning and judicious Well done and highly recommended Darrell L Bock research professor of New Testament Dallas Theological Seminary Dallas TX *The Cradle the Cross and the Crown* sets a new standard for excellence among textbooks dealing with New Testament introduction and offers a veritable gold mine of information often found only in several texts A distinctively unique textbook that displays not only careful and balanced scholarship but is lucidly written and user friendly Richard D Patterson emeritus professor Liberty University Lynchburg VA *The Earliest View of New Testament Tongues* Maurice E.

Vellacott, 2024-11-11 This book is a groundbreaking paradigm shifting look at the languages tongues problem glossai of the first century AD Corinthian church It adduces that in a multilingual setting new converts were expressing themselves in their native dialect without translation where Koine Greek was not yet overriding all regional dialects This cuts against the idea that tongues were supernatural earthly languages an idea not found before AD 160 Vellacott also argues against the view that tongues were heavenly languages as claimed by Pentecostals Charismatics This he says is a novel trend started about 145 years ago by German higher critical scholars and seized upon after the 1906 Los Angeles Azusa Street Revival's supposed supernatural earthly languages proved to be a mirage whereupon a redefinition to heavenly angelic non earthly languages occurred This book soundly establishes the credibility of an ancient third view regarding tongues that they were non supernatural learned earthly languages The author endeavors to demonstrate that this is the earliest known Christian interpretation of New Testament tongues languages *Leviticus (ESV Edition)* Kenneth A. Mathews, 2019-06-24 *Leviticus* is the message God spoke to his people through Moses as they prepared to depart for the promised land It details regulations

for holy living and sacrificial worship in Old Testament Israel But does this book have anything to say to Christians today Aware of how easy it is to get lost in the rules and rituals outlined in Leviticus Kenneth Mathews focuses this commentary on the common themes between Old Testament life and the New Testament Christian s experience His chapter bychapter analysis illuminates the significance of ancient Israel s sacrificial system and symbols drawing parallels to Jesus as their perfect once for all fulfillment This commentary will train you to see the foreshadowing of Jesus s sacrifice and the many ways a holy God atoned for our sin through Christ so that you may teach and apply the truths of this foundational book with confidence
