Kisslinger, Rodrigo Jungi Suzuki, IBM Redbooks, 2015-01-13 The use of external storage and the benefits of virtualization  
became a topic of discussion in the IBM i area during the last several years The question tends to be what are the advantages  
of the use of external storage that is attached to an IBM i environment as opposed to the use of internal storage The use of  
IBM PowerVM virtualization technology to virtualize Power server processors and memory also became common in IBM i  
environments However virtualized access to external storage and network resources by using a VIO server is still not widely  
used This IBM Redbooks publication gives a broad overview of the IBM Storwize family products and their features and  
functions It describes the setup that is required on the storage side and describes and positions the different options for  
attaching IBM Storwize family products to an IBM i environment Basic setup and configuration of a VIO server specifically  
for the needs of an IBM i environment is also described In addition different configuration options for a combined setup of  
IBM PowerHA SystemMirror for i and the Storwize family products are described and positioned against each other Detailed  
examples are provided for the setup process that is required for these environments The information that is provided in this  
book is useful for clients IBM Business Partners and IBM service professionals who need to understand how to install and  
configure their IBM i environment with attachment to the Storwize family products      **Bentley BMW 3 Series Service**
