Christian Anarchy Vernard Eller, 1999-02-23 A far ranging study of the Christian relationship to the state and all worldly powers this book is as provocative as its unusual title Christian Anarchy says Vernard Eller is the faith in God's primacy as sovereign Lord and orderer of history which is given such weight that all the big claims of self confident human scheming and power play become sheer distraction

Jesusland Joelle Kidd, 2025-08-12 An empathetic funny and sharply critical collection of essays exploring the Christian pop culture of the 2000s and its influence on today's politically powerful evangelicalism Braiding relentless curiosity sharp argument and wry comedy Kidd offers a lucid critique of evangelicalism that is always attentive to and respectful of the mysteries of faith This is cultural criticism at its finest I'll read anything Kidd writes Tajja Isen author of Some of My Best Friends In 1999 after three years of secular living in Eastern Europe Joelle Kidd moved back to Canada and was enrolled in the strange world of an evangelical Christian school Immediately she found herself in a strange world of upbeat Christian pop music purity education and desperately trendy Bible redesigns trying to make sense of this unfamiliar preteen cultural landscape In Jesusland Joelle writes about the Christian pop culture that she was suddenly immersed in from perky girl bands to modest styling tips and draws connections between this evangelical subculture and the mainstream a tense yet reciprocal relationship that both disavows the secular while employing its media markers But none of this was just about catchy songs every abstinence quiz in a teen magazine was laying the foundation for what would become a conservative Christian movement that threatens women's healthcare attacks queer and trans rights and drives present day political division Through nine incisive honest and emotional essays Jesusland exposes the pop cultural machinations of evangelicalism while giving voice to aughts era Christian children and teens who are now adults looking back at their time measuring the length of their skirts and asking each other if their celebrity crush was Christian enough With care and generosity Jesusland shows us how the conservative evangelical movement became the global power it is today by exploring the pop culture that both reflected and shaped an entire generation of young people

The Chapter Nicholas Dames,2025-02-25 Finalist for the National Book Critics Circle Award in Criticism Shortlisted for the Christian Gauss Award Phi Beta Kappa Society A history of the chapter from its origins in antiquity to today Why do books have chapters With this seemingly simple question Nicholas Dames embarks on a literary journey spanning two millennia revealing how an ancient editorial technique became a universally recognized component of narrative art and a means to register the sensation of time Dames begins with the textual compilations of the Roman world where chapters evolved as a tool to organize information He goes on to discuss the earliest divisional systems of the Gospels and the segmentation of medieval romances describing how the chapter took on new purpose when applied to narrative texts and how narrative segmentation gave rise to a host of aesthetic techniques Dames shares engaging and in depth readings of influential figures from Sterne Goethe Tolstoy and Dickens to George Eliot Machado de Assis B S Johnson Agn s Varda Uwe Johnson Jennifer Egan and L szl Krasznahorkai He illuminates the sometimes tacit sometimes dramatic ways in which the chapter became a kind of reckoning with time and a quiet but persistent feature of modernity Ranging from ancient tablets and scrolls to contemporary fiction and film The Chapter provides a compelling elegantly written history of a familiar compositional mode that readers often take for granted and offers a new theory of how this versatile means of dividing narrative sculpts our experience of time

Herman Joseph Heuser,1961

Why Homer Matters Adam Nicolson,2014-11-18 In this passionate deeply personal book Adam Nicolson explains why Homer matters to him to you to the world in a text full of twists turns and surprises In a spectacular journey through mythical and modern landscapes Adam Nicholson explores the places forever haunted by their Homeric heroes From Sicily awash with wildflowers shadowed by Italy s largest oil refinery to Ithaca southern Spain and the mountains on the edges of Andalusia and Extremadura to the deserted irradiated steppes of Chernobyl where Homeric warriors still lie under the tumuli unexcavated This is a world of springs and drought seas and cities with not a tourist in sight And all sewn together by the poems themselves and their great metaphors of life and suffering Showing us the real roots of Homeric consciousness the physical environment that fills the gaps between the words of the poems themselves Nicholson s is itself a Homeric journey A wandering meditation on lost worlds our interconnectedness with our ancestors and the surroundings we share This is the original meeting of place and mind our empathy with the past our landscape as our drama Following the acclaimed Gentry which established him as one of the great landscape writers working today Nicholson

takes Homer's poems back to their source beneath the distant god inhabited mountains on the Trojan plains above the graves of the heroic dead we find afresh the foundation level of human experience on Earth **The Biblical Hero** Elliott Rabin, 2020-03-01 Approaching the Bible in an original way comparing biblical heroes to heroes in world literature Elliott Rabin addresses a core biblical question What is the Bible telling us about what it means to be a hero Focusing on the lives of six major biblical characters Moses Samson David Esther Abraham and Jacob Rabin examines their resemblance to hero types found in and perhaps drawn from other literatures and analyzes why the Bible depicts its heroes less gloriously than do the texts of other cultures Moses founds the nation of Israel and is short tempered and weak armed Samson arrogant and unhinged can kill a thousand enemies with his bare hands David establishes a centralized unified triumphal government through pretense and self deception Esther saves her people but marries a murderous misogynist king Abraham's relationships are wracked with tension Jacob fathers twelve tribes and wins his inheritance through deceit In the end is God the real hero Or is God too removed from human constraints to even be called a hero Ultimately Rabin excavates how the Bible's unique perspective on heroism can address our own deep seated need for human scale heroes *Vessels of Wrath, Volume 1* Richard M. Blaylock, 2023-08-17 Hardening hearts Blinding eyes Sending deceitful spirits Crafting vessels of wrath Few will deny that certain biblical passages make claims about God that are difficult to accept But perhaps the most troubling are the verses that describe God as influencing individuals or groups towards wicked behavior for the purpose of condemning them What are readers to do with these texts In *Vessels of Wrath* Richard M Blaylock tackles the thorny subject of divine reprobating activity DRA Through an exhaustive biblical theological study of the Old and New Testaments Blaylock argues that the Bible does not present DRA as an insignificant or monolithic concept instead the biblical authors showcase both the significance and the complexity of DRA in a variety of ways The book aims to help readers of the Bible to wrestle with the Scriptures so that they might come to better understand its testimony to this mysterious and awesome divine activity **The Epistles of John** Samuel M. Ngewa, 2019-10-21 While the message of the Bible remains the same different insights may add new light In this commentary attempt is made to interact with the text of the letters of John especially as we have it in the Greek New Testament The meaning of the word is not seen as the end but only as the basis upon which to relate the message to the present needs of the church The church is both guardian of truth and instrument of love These two themes are repeatedly found in the epistles of John and as they are discussed in this commentary the writer seeks to provoke the reader to reflect on how he/she can keep on improving in them In our times with so many displaced persons hospitality is increasingly becoming an aspect of Christian love the church cannot run away from These are matters that this book calls attention to as they are raised by the biblical text itself I am grateful to others who have also given their time and energy in providing their insights on the same epistles May the Lord use all the efforts to build a strong church for our time and many years to come **The Creation** Everett Jenkins, 2003 The major monotheistic religions of the world Judaism Christianity and

Islam have certain elements in common particularly in their scriptures concerning the beginnings of life and the early history of human beings This shared beginning is compellingly worth further study Common ground and common threads can only help a dialogue between people of different faiths This reference work could be a tool toward greater understanding of other faiths and focuses on the story of the creation of the universe and of humans Part One traces the development of the earth and its inhabitants from a scientific viewpoint so that the humanistic perspective may be contrasted with the scriptural accounts to follow Part Two features an introduction to the Tanakh information on the Torah and what is known about its authors and other influences on the Jewish religion followed by actual scriptures from the Torah from the creation through the destruction of the Tower of Babel Then a section each is devoted to an explanation of the Catholic Protestant and Fundamentalist Christian interpretations of these stories citing scripture as appropriate Part Three affords a Muslim perspective with excerpts from the Sirah that refer to events and characters from the early chapters of Genesis The appendices are rich various chronologies of similar events based on the different scriptures tables of contents for the various holy books tables presenting summaries of a particular perspective on a subject or comparisons between two perspectives and much more
